LADIES' MOCK CONFERENCE.

It was Not Only Amusing but Conveyed Some Good Lessons.

Large Audience Present—The Subjects That Were Discussed.

The Ladies' Aid Society of the Park St. Methodist Church in their desire to raise money for the schemes of the church, decided to give a mock conference. After careful preparation, the ladies made their public appearance last evening. The church was crowded and everybody present enjoyed the realistic work of the conference. Many good lessons were taught, and the affair was a decided success.

The conference opened the session with Rev. Mrs. E. W. Scane in the chair. After singing the doxology the president delivered her opening address welcoming the delegates in a usual happy manner. The secretary, Rev. Mrs. S. F. Gardiner, then read the minutes of the last meeting, which were adopted.

The corresponding secretary, the Rev. Mrs. Grandy, next gave her report.

Communications were read from the Men's Missionary Society, and the Men's Christian Temperance Union, asking the conference to recognize them as auxiliaries of the conference and give them a vote in the same. A petition was also read signed by several hundred asking that the railways be forced to supply automatic contrivances on the day coaches whereby smokers will be obliged to consume their own smoke.

Rev. Mrs. Thornton read a paper on systematic giving after which a discussion followed taken part in by Reverends Radick, Duggan, Barfoot, Perkins, Knott, Atwater and Brock.

The usual routine of business was set aside and the members of the conference entertained with an exquisitely rendered contralto solo by the sweet singer from the south, Mrs. Milton Bogart, entitled, "There is a Land."

SUNDAY A DAY OF REST.

Rev. Mrs. Jones, the chairwoman of the committee on stated work, then presented the report of that committee. The report recommended a consolidation of church interests and a doing away with many of the minor organizations in the church. It also recommended the amalgamation of the morning service and the Sunday school into one service, and that the church parlor be thrown open on week nights. The discussion on this report was led by the Reverends Powell, Carter, Towl, Shaw and Knott.

Rev. Mrs. Chalmers, chairwoman of special committee, read a very interesting report suggesting the establishment of an Order of Deacons to give the men interested in church work a better opportunity of exercising their noble instincts. The report recommended that the conference erect homes for the accommodation of the order and also decided on some distinctive manner of dress.

The committee on courtesy then introduced a delegate from Prairie Siding in the person of Mr. Westman. Mr. Westman had been sent by the men of his church to the equality of men in church matters.

Judge Hamill nobly championed the cause of the poor men, but after a discussion by Reverends Wemp, Thornton, Oldershaw and Chalmers, it was decided to lay the subject on the table for a year.

LET THE CURFEW RING.

Some new business was then laid before the conference by the Rev. Mrs. Jones. One thing recommended was that, whether by the supply of the young men who think it their duty to see all the congregations of the different churches in and out of church on Sunday and that the edifice be called the Watch Tower. That the curfew be rung every night at nine o'clock, to compel all the men to get off the streets, unless accompanied by their wives or some other suitable escort.

Rev. Dr. Massey made a motion to change the annual millinery opening from Sunday to some week night, as it detracted sadly from the congregations' interest in the devotional exercises. The president commended the idea and added as a suggestion that ante-rooms be provided in the different churches, fitted up with tables and hat stands so that the more startling ideas in millinery could be examined at leisure.

Messrs. Dingman and Austin, delegates from the Men's Missionary Society, were heard on the subject of allowing the society to vote in that conference.

Moved by Rev. Mrs. Atwater and seconded by the Rev. Mrs. Shaw, that the conference adjourn.—Carried.

The mock conference closed with the singing of "God be with you till we meet again."

CONTAGION AND INFECTION.

La Grippe is Infectious but Not Contagious.

Contagious diseases are communicated from one person to another; infectious diseases are conveyed through the air.

Small-pox is a contagious disease; La Grippe is infectious. When an epidemic of the grip is prevailing it is in the air we breathe, and so no one is safe.

The only safeguard is to keep the system in the highest possible condition of health and on the first appearance of a cold in the head to use some antiseptic like Stuart's Catarrh Tablets freely, a tablet taken every hour or two for a couple of days will be sufficient to break up the attack.

La Grippe attacks the weakest part of the system, it may be the lungs, heart, liver, stomach or kidneys, but wherever it finally locates, it almost invariably starts with cold in the head and throat or in other words, the disease at the beginning is acute catarrh.

This is the reason Stuart's Catarrh Tablets have been so successful in breaking up attacks of grip. The antiseptic properties of the remedy destroy the germs before the whole system is thoroughly infected.

Dr. Annetson says: Stuart's Catarrh Tablets being free from cocaine and harmful drugs, should be freely used at this time of the year on the first appearance of grip symptoms.

They check the excessive catarrhal secretions, stop the fever and prevent pneumonia.

They are composed of antiseptics and may be used by little children as freely as by adults and with great benefit. Dr. Lawrence says: My usual prescription for the Grip is Stuart's Catarrh Tablets, which can be found in all drug stores. Keep to the house for a day or two and use the tablets freely, and I have never heard any complaint of failure to cure.

Costigan's Address to The King Amended

Continued from First Page.

Mr. Charlton found little in the remarks of the leader of the Opposition to criticize, and proceeded to take the same line of argument in justification of passing the resolution.

COSTIGAN SCORED.

Clarke Wallace deprecated the bringing of religious questions into Parliament at all. We do in passing thought, and we do in passing measures to promote the progress and well-being of the country. Mr. Costigan had never made a speech in parliament calculated to promote the progress of the country. All of his speeches had been of the racial and religious character, calculated to disturb the peace of the country.

Mr. Oliver opposed the resolution, and Mr. Clarke suggested that as the House was asking the amendment of the declaration, the words should be added "so long as the distinctively Protestant character of the declaration is maintained." Unless that were done he would vote against the resolution.

The question was then put on Mr. Costigan's amended resolution, and a division being demanded, the vote was taken at half past one o'clock. The resolution being carried by 122 yeas to 19 nays.

Those who voted nay were:—Messrs. Oliver, Wallace, Sproule, Taylor, Wilton, Carleton, Reid, (Greenville), Clarke, Wilson, Roche, Alcorn, Robinson (Elgin), Sheriff, Johnson (Cardwell), Tolton, Lavell, Kidd, Blain and Lennox.

A GIRL'S PERIL.

A BRIEF STORY OF INTEREST TO ALL YOUNG WOMEN.

Pallor, Headaches, Dizziness and a Feeling of Constant Languor Overcome—Hope for Similar Sufferers.

There are thousands of young girls throughout Canada who owe their good health, if not life itself, to the timely use of Dr. Williams' Pink Pills for Pale People. Among these is Miss Maud Patterson, whose home is in the vicinity of Stratford, Ont. To a reporter, who interviewed her, Miss Patterson said: "Several years ago I began to suffer from headaches, was easily tired out, and could see that my health was not what it had been. At first I did not think there was anything serious in the matter, and thought the trouble would pass away. In this, however, I was mistaken, for as time went on I became weaker. The headaches attacked me more frequently, my appetite failed. If I stooped I would grow so dizzy that I would almost fall over. I became very pale, and always felt tired and worn out. I was advised to try Dr. Williams' Pink Pills, and I have reason to rejoice that I followed the advice, and as I continued their use, it seemed as though day by day they were imparting new life to me. My appetite improved, the headaches disappeared, the pallor left my face, the dizziness that bothered me so much was gone, and I felt altogether like a different person. I feel that I owe my renewed health entirely to Dr. Williams' Pink Pills, and as I know that there are many girls who suffer as I did I would urge them to lose no time in giving this medicine a fair trial."

The case of Miss Patterson certainly carries with it a lesson to others who may be pale, languid, easily tired, or subject to headaches, or the other distressing symptoms that mark the onward progress of anaemia. In cases of this kind Dr. Williams' Pink Pills will give more certain and speedy results than any other medicine. They set promptly to work, making new, rich red blood and strengthening the nerves, and correct all the irregularities incident to this critical period.

We Rest Our Right

To leadership in the Clothing business on great values and low prices to the people. We are in it to do our best in clothing for all classes of wearers.

Every way that points to better quality and less price to you we use. Look to us for greater and better things all the time.

Some dealers who buy their stock from wholesalers will try to make you believe they sell better and cheaper than manufacturers. Don't believe it. It is an impossibility to pay wholesalers 25 per cent. profit and then retail at the same price manufacturers do. Our customers are intelligent enough to know that we can and do do better for them, and that is the reason why our business has gone on increasing season after season, through good times and bad.

It is manufacturing that does it.
It is selling for cash and one price that does it.
It is guaranteeing everything as represented that does it.
It is refunding the money for anything you don't like that does it.

Just now our overcoats and all things belonging to winter are selling at big reductions from regular prices.
