## SERIOUS BLOW TO CZAR

Life Guards Treason Profoundly Affects His Majesty.

Nicholas Orders Name of His Favorite Regiment Stricken From Rolls—Decision to Dismiss Goremeykin Cabinet—Nothing Would Be Surprising Now, and Czar is Virtually a Prisoner—Bomb Misses Mark.

St. Petersburg, June 30.—The crushing blow inflicted on the Emperor by the discovery of disaffection in his favorite regiment, the Probrjensky regiment of Life Guards, as shown by its adoption of resolutions recently upholding all the actions of Parliament and announcing that the men wanted no more police duty entailing the slaying of brothers or fathers, has affected His Majesty that he has ordered the name of the disloyal first battalion to be stricken from the roll of the Imperial Guards. In addition, the soldiers and officers of the battalion have been deprived of the favor of the special rights enjoyed by guardsmen and hereafter the battalion will be designated "the special infantry battalion."

The general staff no longer conceals its fear that the morale of the entire army is profoundly shaken, and that with Parliament championing the cause of the mutineers in each instance as it arises the first big test may find troops in line up as the French guards did two days before the Bastille fell, on the side of the people and against the monarchy.

To Dismiss Goremeykin.

The Slovo yesterday says that the troubles in the army have routed the reactionary court camorra, and have precipitated a definite decision, not only not to dissolve Parliament, but to dismiss the Goremeykin Cabinet, and that in the meantime the Emperor has directed the Ministers to reply to all interpellations in Parliament.

Count Witte, from his self imposed exile abroad, has despatched several urgent telegrams here, emphasizing the necessity of putting a stop to the anti-Jewish outbreaks, the impression of which on the outside world has seriously affected Russia's credit. An official denial is given of the report that the Emperor and court are leaving Peterhof and returning to Tsarskoe-Selo, owing to the discovery of a revolutionary plot among the palace servants.

Czar Virtually a Prisoner.

Since the revelations that disloyalty had invaded even His Majesty's Own Regiment (the Probrjensky Regiment of the Guards), it is asserted here that nothing would be surprising, Gen. Trepo, commander of the palace, who is personally charged with protecting the safety of the Emperor's person, has redoubled his precautions. The garrison at Peterhof has been strengthened by a guard of Cossacks and the detachment of Cossacks about the palace has been doubled. The servants at the palace, as heretofore, are the Emperor's faithful Mamelukes and Tartars, some of whom do not speak the Russian language. The Russian servants are confined for the time being to tried lackeys and valets, but among these the terrorists have frequently boasted that they had spies. Newsboys carrying sacks are forbidden to enter the grounds of the old palace, to which the public is admitted, and no one is allowed within the walls surrounding the grounds of the small palace, where the imperial family resides, without a permit.

Bomb Misses Mark.

Warsaw, Russian Poland, June 30.—A bomb was thrown at 5 o'clock yesterday afternoon at the chief of railroad gendarmes, Col. Muradoff, while he was driving through the streets in a cab. The cabman and a gendarme who accompanied Col. Muradoff were severely wounded, the colonel was slightly injured, and the horse attached to the cab was killed. The man who threw the bomb escaped.

Peasants Annex Land.

Nizhni Novgorod, Russia, June 30.—The peasants of this province are not only annexing the land of the gentry, but are taking portions of the land of the wall-to-do peasants. Property in the vicinity of Samara, valued at about \$250,000, has been destroyed by the peasants during the past month.

Two Others Refused.

Moscow, June 30.—Special despatches to The Russky Sivo say that two revolutionaries at Yelzabetsky had refused to fire on strikers.

Found Tied Near River.

Brandon, Man., June 30.—A man named Jack Berry was discovered Thursday night by some men passing, with his hands and feet securely bound, lying in the scrub near the river, just west of the Western Canadian Hotel in this city. Berry had been drinking for several days, and it is thought that his companions led him down to the river and bound him, for the purpose of robbery, as he was known to have money. He can give little information as to his doings.

Stole Relief Blankets.

San Francisco, June 30.—Accused of selling large quantities of blankets and appropriating the money, John Clark, superintendent of Red Cross relief station at Golden Gate Park, and George Bryant, chemist at the children's playground in the park, who it is alleged, aided and abetted Clark, were arrested.

Two Prominent Business Men Under Oath Give Each Other the Lie—Profits For Non-Workers.

Toronto, June 29.—Perjury was committed yesterday afternoon in connection with the investigation of the Douglas-Douglas case.

Two prominent Toronto business men gave each other the lie under oath.

Thomas Douglas, roofing contractor on St. Lawrence Market swore he paid several sums of money to Architect Beaumont Jarvis, who was in charge of the work.

Architect Beaumont Jarvis denied it absolutely and positively. He swore that money had been offered to him by Mr. Douglas and he had refused it.

Thomas Douglas also swore he paid sums of money to J. W. Siddall, another architect on the work.

Architect J. W. Siddall swore that he had received the money which Mr. Douglas claimed to have paid to him.

Some of the money was for legitimate work, Mr. Douglas corroborated this.

John S. Champ, bookkeeper for Douglas Bros. swore that he had erased the name of Jarvis and changed it to Jones in the records of payments to Architect Jarvis' office.

Architect Jarvis swore he refused money from the bookkeeper as well as from Mr. Douglas.

Another fact brought out was that two tenders for the roof work at the north end of St. Lawrence Market got \$500 each for not doing the work.

On the vent pipe contract two tenders got \$250 each, two more \$200 each and the contractor who did the work did not make any money at all on it.

Even the black sheep may macquerade as spring lamb.

Woman's Trials.

The bitter trail in a woman's life is to be childless. Who can tell how hard the struggle may have been she learnt to resign herself to her lonely lot? The absence of this link to bind marital life together, the absence of this one pledge to mutual affection is a common disappointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of a childless couple when they rest on the children of others. To them the largest family does not seem too numerous.

In many cases of barrenness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invalide Hotel and Surgical Institute.

Dr. Pierce's Favorite Prescription is a famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his full confidence, which he can afford to do, as he is a doctor, and his "Favorite Prescription" is made with the most careful examination of the patient's condition.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women.

## JUGGLED TO COVER LOAN.

Startling Evidence re. the Northern Life Before the Insurance Commission—Everybody Deceived.

London, June 30.—The Insurance Commission held a short session here yesterday when the examination of Northern Life was concluded. Actuary Milne being the chief witness. The Woodmen of the World was called, but the secretary, W. C. Fitzgerald, was not ready to go on.

Loans to directors to obtain money and the juggling of returns to the Government were the nasty features of this company's business.

Business Ignorance.

At the beginning of his evidence, T. H. Purdom, president of the Northern Life, told of the organization's proceedings conducted by himself and his partner, the late E. Jones Parke. They knew nothing of insurance business, but thought that London was a good place for a company.

Loans to Directors.

Besides transactions with the Dominion Savings Co. Mr. Milne admitted to Mr. Tilley after some cross-firing that Matthew Wilson, a director of the Union Trust Co., had put through a loan of \$75,000, which was done to get some money invested by this loan company in the west.

Mr. Tilley then sprung an agreement between one of the directors (John Ferguson) showing that he was to buy \$10,000 of two per cent. renewals. Mr. Milne said that it was treated as a loan from Ferguson and he was taking the renewals as security. The deal didn't appear in the returns to the Government.

Mr. Tilley said: "Then you deceived the Government of Ottawa. Have you ever done this since?"

"Yes, all along. The Ferguson account stood at the end of the year about \$39,000."

"By his paying in and your paying out in this way the expenditure has been kept a little lower without showing the source, is that right?" asked Mr. Tilley.

"Yes," replied Mr. Milne.

Their Way of Deceit.

"So that at the present time you owe him nearly \$40,000, and this is the income that is not shown in your return?"

"We didn't treat it as such."

"This is your way of deceiving the department and the policyholders?"

"We did not treat it as such."

"There is no doubt your intentions were good, but you did not go about it the way the law says you shall," said Mr. Tilley.

"If there have been any other deceiving action in your company, presuming that this is deceiving?" asked Mr. Tilley.

"There have not."

The Woodmen Not Ready.

The Woodmen of the World, of which W. C. Fitzgerald is general secretary, was then called. The head office is in London.

The witness without his books, and Judge MacTavish then ordered him to appear in Toronto on July 16 prepared with all the books to give a full account of the affairs of the order.

The commission adjourned then to meet in Toronto on July 8, when the Ancient Order of Foresters will be gone into.

MISS WELL'S DEATH.

Incriminating Evidence Given At the Inquest At Orangeville.

Orangeville, June 30.—Incriminating evidence against Walter Jackson, principal, and A. C. Douglas, accessory, was yesterday submitted at the coroner's inquest into the death of Miss Elizabeth Wells.

Four persons gave testimony. Dr. Carson who was called to attend her a few hours before she died; Dr. Thomas Henry, and two drug clerks employed by Douglas, the druggist. The inquest then adjourned until July 20, by which time it is believed one or both of the men will be apprehended. It is thought that Douglas will return within a few days, of his own volition.
