ANTISEPTIC TABLETS
1 effective remedy for
ITS AND COUGHS
Sufferers from these ailments should keep a box of these tablets handy. They are sold by all druggists.

Permanent Results

"I had been suffering for over two months with an obstinate cough, and also my little girl. We tried several remedies common to any drug store without obtaining any apparent relief, in fact we were growing worse. I got a bottle of Coltsfoot's Expecto-rant from my druggist and inside of two days the cough was stopped, and the results so permanent and rapid that we decided to keep it in our home continually."
ROBERT FALEN.
C. A. R. Station, Ottawa.
Coltsfoot's Expecto-rant is recognized the world over as the best prescription ever used by the medical profession for Coughs, Croup, Bronchitis and Tightness of the Chest. Children like it. To introduce it into every home we will send a free sample to every person sending their name and address to Dr. T. A. Sleeman, Limited, Toronto. Sold by all up-to-date druggists at 25c. Send for Free Sample To-day.

GATES' ACADIAN LINIMENT

For Internal and External Use.
A few drops in a cup of hot water, well sweetened, makes a pleasant drink and is the best remedy for COUGHS AND COLDS.
After a cold winter's drive, a seat by the fire and a cup thus prepared will be highly prized.
As an application for cuts, bruises, sore throat, croup, burns, headache, rheumatism, etc., Gates' Acadian Liniment is the
Best Because Strongest.
Hence a certain quantity lasts longer than of other Liniments beside giving better satisfaction. It will also remove the "black and blue" from bruises when other Liniments fail.
It is equally useful for Horses, and hundreds of stables and lumbenmen keep it constantly on cuts, scratches, sprains, coughs, distemper and other ailments of their horses and cattle. For colic 1-3 of a bottle given in a bottle of milk or water is a speedy and positive cure.
Athletes have found Gates' Acadian Liniment excellent for a rub down.
It is sold everywhere, at 25 cts. in 3 oz. bottles, each fitted with a rubber cork to preserve its strength.
GATES' VEGETABLE PLASTER is the best strengthening Plaster

We lay out your work for you. \$25 a week and expenses. Position permanent. Write W. A. JENKINS Manufacturing Co., London, Ont.

SYNOPSIS OF CANADIAN NORTH WEST.

Homestead Regulations.
Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.
Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub agency for the district in which the land is situated. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.
The homesteader is required to perform the homestead duties under one of the following plans:
(1). At least six months' residence upon and cultivation of the land in each year for three years
(2). A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.
(3). If the father (or mother if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).
(4). The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.
(5). A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.
Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Deputy of the Minister of the Interior.

THE PRINCESS OF WALES

Will Not Accompany the Prince on Visit to Canada.

LONDON, Thursday. — It is not thought in London that should the Prince of Wales be invited officially to go to Washington while in Canada next summer he would be able to accept. It has been reported here that such an invitation was in contemplation. According to the present arrangements, the Prince's trip to attend the tercentenary at Quebec will be most brief. He will not go anywhere else, although many invitations have been received from Montreal and other cities. He will not be accompanied by the Princess of Wales.

Marion Bridge, C. B., May 30, '02. I have handled MINARD'S LINIMENT during the past year. It is always the first Liniment asked for here, and unquestionably the best seller of all the different kinds of Liniment I handle.
NEIL FERGUSON.

EXHUMED GIRL'S BODY.

Remains of Jessie Gould are Coming to Toronto.

(Toronto News.)
The body of Jessie Ellen Gould, the former Peterboro' girl and waitress at the Cadillac Hotel, whose death is alleged to have resulted from a criminal operation performed by Dr. A. G. Ashton Fletcher, will arrive in Toronto by the C. P. R. train at 7 o'clock this morning from Peterboro'. Armed with the necessary order of the Attorney-General, Detective MacKie, accompanied by Mr. Arthur W. Miles, undertaker, went to Little Lake Cemetery yesterday afternoon and exhumed the remains which were shipped from Toronto last Wednesday. The officer and undertaker, with the body leave Peterboro' about 4 o'clock this morning.

Coal Strike Possible

INDIANAPOLIS, Thursday. — The National convention of the United Mine Workers of America met today.

Tomlinson Hall to agree upon a course of action because of the failure of the operators and miners of the Central competitive field to agree upon a joint wage conference to fix a scale in place of the present one which expires April 1st. The wage scale for the various bituminous fields of the United States and Canada are based upon the scale fixed in the Central competitive field, consisting of Illinois, Indiana, Ohio and Western Pennsylvania.

It is thought probable that President Mitchell will advocate the adoption of one of the first two policies, expecting by pursuing that course to induce some of the operators to sign a scale and put their mines in operation which the miners believe would force the others to do likewise.

There is a disposition on the part of some of the coal operators to stimulate coal market prices in this manner or by the threat of bringing on such a strike, said Mr. Mitchell. "And it looks now as though there would be a full suspension of mining in all these great bituminous fields on April 1st."

PROOF

That Zam-Buk Grows New Healthy Skin.

The unique power belonging to Zam-buk for growing new healthy skin when it has been destroyed by injury, disease or operation is illustrated by the recent experience of Mr. J. Schofield, of 467 Hamilton Road, London, Ont. He says: "A friend of mine (Mr. William Hall, of London) was severely and terribly burned through an explosion of kerosene oil. He was taken to the hospital where he suffered intense pain. The wounds refused to 'heal,' and the doctors decided to resort to skin grafting, and I consented to have some skin transplanted from my legs to his body. Although this was done on several occasions, the skin refused 'to take' until Mr. Hall heard of Zam-buk. From the time he applied Zam-buk, new healthy skin began to grow. I then used Zam-buk for the places on my leg from which the skin was removed, and I am glad to report that new skin has grown, and therefore consider Zam-buk the best skin food I have known."

Zam-buk builds up new tissue in a way that is not possible with ordinary preparations. For healing eczema, running sores, cuts, bruises, burns, boils, eruptions, scalp sores, itch, chapped hands and diseases of the skin it is without equal. All druggists and stores sell it, 50c a box or post-paid from the Zam-Buk Co., Toronto.

CUPID IN AN OVERCOAT.

"Dearest," he whispered, "let us go out in the frosty lane and watch the shooting stars."

"You really want me to go, George?" he asked the pretty girl.

"Why certainly. But is why I gave you that pretty set of furs for a Christmas present?"

A WAY TO BETTER BREAD.

Good housekeepers, it is said, are known by the bread and pastry they provide for their homes. When we come to think of it, is there any one thing in which a housekeeper should excel—in which she should take more pride—than in her snow-white, delicious, wholesome home-made bread?

Any woman can make white, light, nourishing bread. One of the commonest causes of failure in the baking is the use of poor flour. Flour, made of Ontario fall wheat, is the best, although nutritious and as nutritious as it is strong enough, which she should take more pride—in her snow-white, delicious, wholesome home-made bread?

With this Ontario Blended Flour, you will have no trouble in making light, white bread—bread with that peculiarly wholesome taste which one naturally associates with home-made bread.

AN UNIQUE RECORD.

(Morning Graphic.)

When Hon. C. R. Devlin took his seat in the Legislative Assembly of Quebec at the opening of its session a day or two ago, he made an unique record in the history of Parliament.

He had within two years been elected at three elections and had taken his seat for the third time during the session of Parliament to which he had been elected. The first of these occasions was in the Parliament of Great Britain and Ireland, when he was presented as member for Galway, by Mr. P. O'Brien, M. P., for Kilkenny and by Captain Donaldson, M. P., for Cork.

The second was last year when, after his election to the Canadian House of Commons for Nicolet, he was introduced by Sir Wilfrid Laurier and Hon. Rodolphe Lemieux; and the third came when he took his seat in the Legislative Assembly of Quebec as member for Nicolet and Minister of Colonization and was championed by Hon. Lomer Gouin and Hon. Adolphe Turgeon. But these are not Mr. Devlin's only claims to hold Parliamentary records. Although still only a young man, he has won six elections and taken his place six times in the various Parliaments. The first was in the Canadian House of Commons as M. P. for the county of Ottawa in 1891; the second as M. P. for Wright at Ottawa in 1896; the third again as member for Galway at Westminster in 1903; the fourth at Westminster in 1903; the fifth at Ottawa as M. P. for Nicolet in 1907; and the sixth at Quebec as M. P. P., for Nicolet in 1908. If there is any other Parliamentarian in the British Empire with a similar record, we should like to hear of him.

Croup positively checked in 20 minutes. Dr. Sheep's 20 minute Croup Remedy acts like Magic. No vomiting, nothing harsh. A simple, safe, pleasant, dependable croup syrup. 50c. All Dealers.

CHIEF JUSTICE BANQUETED.

A Hundred Leading Lawyers attend Dinner in His Honor.

ST. JOHN, Thursday. — The banquet given by the Bar of the Province to the new Chief Justice at the Union Club tonight was a brilliant and successful function. About a hundred leading lawyers were present. M. G. Teed, president of the New Brunswick barriesters' society, presided. Leading legal lights from all parts of the province were in attendance including several New Brunswick judges.

Chilean Soldiers Win Great Victory

Reported to Have Massacred Some Two Thousand Unarmed Strikers

SAN FRANCISCO, Thursday. — Machine guns operated by the government forces of Chile in a great conflict with strikers at the Nitra beds and in the City of Iquique laid 2500 men low, most of whom were killed according to advices received yesterday by the Norwegian steamer Christian Bora, which arrived today direct from Chile. Business at Iquique which had never before been scarcely disturbed by anything but earthquakes was paralyzed when the great army of workers went on a strike. One fracas after another occurred until soldiers and strikers met in the streets of Iquique and on the outskirts and openly defied each other. Being ordered to disperse the army of men the soldiers opened fire. The men had little opportunity to fight back even though they had been armed for the assault was so sudden. This took place on January 1st and a week later it was thought by common agreement, the strikers went back to work without the expected advance in wages. It was reported that the mine owners will voluntarily increase the pay of their employees.

Railways vs. Other Public Service Corporations.

The present business situation throws into clear relief one important difference between railways and most other public service corporations. Street railways, waterworks, lighting concerns etc., feel more or less the effects of fluctuations in general business, but they did not suffer acutely from such changes because the number of people in a city does not decrease and the extent to which they are affected is small. Water and light does not greatly diminish, even when industrial depression becomes pronounced. But railways bear such a relation to industrial and commercial enterprises of all kinds that every crop failure, every panic that shuts down factories and reduces the sales of wholesale merchants, reacts violently on traffic. The freight business of the railways of the United States has decreased enormously as compared with the corresponding period a year ago. The railway cannot, like the gas and electric companies, reduce its proportion to the decline in its business. To shut down entirely would be to sacrifice its franchise, and railroad commissions and the public protest violently against reductions in service, especially passenger service, even when they are nowhere near in proportion to declines in earnings. Since railways are exposed to such violent fluctuations in business it is essential that in times of prosperity they should be permitted to earn much larger profits than most other concerns whose changes are subject to public regulation in order to make good the losses sustained in periods of depression. This consideration was advanced by transportation experts before almost every legislature and commission in the country last year as an argument against adjusting rates solely with regard to the traffic being handled at that time, but usually the argument was jauntily dismissed with the gratuitous assurance that the country's prosperity was established on such a firm foundation that nothing could happen that would hurt the business of the carriers. Subsequent events show clearly who was right. It is to be hoped that the lesson will teach public authorities to adjust rates in accordance with actual conditions and with less regard to theories formulated with a cheerful ignorance of or contempt for facts and probable developments.—Railway Age February 14, 1908.

JUDGE ORDERED HIS RELEASE

On Grounds That Evidence Against Him was Insufficient.

BELLEVILLE, Thursday. — The trial of Richard Lindsay who was arrested some time ago charged with causing the death of his wife by neglecting to provide medical attendance, was concluded today, and resulted in Judge Deroche ordering the man's release. The judge held the evidence was insufficient to prove Lindsay guilty of the charge made against him.
