Red Cross Workers Urgently Needed

There seems to be a misapprehension regarding the work of the Red Cross since the armistice was signed, and it has been thought advisable to draw the attention of the Red Cross workers to the fact that their services are required quite as much now, as during the last four years.

We have been asked to add in the refuge work among the Serbians, who as civilians, have lost everything as a result of the war. Owing to the fact that, after the last day of March, supplies will no longer be carried free by transportation companies, branches and auxiliaries are requested to have all shipments made to the Provincial Branch before the last week in March. There are a number of garments lying, cut out, at the Red Cross Rooms, waiting for someone to sew them.

It is especially desirable to have socks, sweaters, scarfs, etc., to present to the soldiers returning on the troopships to St. John. Many of these men have long journeys still ahead, and it is felt that the distribution of these necessities will be very welcome. There are about 40 pounds of wool at the Red Cross Room, waiting for knitters.

There are, alas, very many returned men who will have to spend weary months in the Military Hospitals, either enduring surgical operations, or fighting tuberculosis, striving to regain a mental poise which has been shaken by their terrible experiences or endeavoring to take up life again, minus one or more limbs. These hospitals will now have to be supplied with linen, etc. There are several pieces of sheeting, and crash for towels, at the Red Cross Rooms, waiting to be made up.

Let us not forget that the men who voluntarily offered their lives that ours might be spared, are returning to their home land—where they have a right to expect every care and comfort that we can offer them, and it is principally through the Red Cross that this can be done.

The Room is open every Tuesday afternoon and workers are earnestly requested to attend.

Acting Secy. C.R.C.S.

THE SAME OLD NAME

This good story in the New York Times is attributed to the Duke of Connaught. The Queen, it seems, punctiliously corrects mispronunciation of French place-names. Visiting a wound ed man in hospital, Her Majesty asked him to give her the details of the action, in which he won his V. C. "Well, your Majesty, re were at Wipers—" "Wipers," interrupted the Queen, "and got orders to march out and check the advance. After we left Wipers—" "Wipers," said the Queen again. And so on throughout the story.

The next day, the Duke of Connaught asked the V. C. how he liked the Queen. "The Queen is a noble woman sir, but what a pity she hiccoughs so."

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

Institute decided to do sewing for the Siberian forces during the present month and March. March 5th date of next meeting.

Newcastle Downs Fredericton In Hockey

Fast Game Here on Wednesday Results in Win for Locals 4 to 1

Newcastle hockey enthusiasts were treated to a good hockey game on Wednesday evening when the Fredericton boys crossed sticks with the locals. The game was clean throughout and differed very much from that of the game on Friday evening. W. Lyons, of Chatham was referee, and he performed this duty to the entire satisfaction of all.

The Newcastle boys were in good trim and they had the better of the game from the start, keeping he puck hovering around the visitor's net most of the time.

The Fredericton team showed lack of practice, due in a large measure to some of their players not having played or two years, they having just returned from overseas. However, they were good losers, and expressed themselves as well pleased with the game, doing better than expected.

Most of the players of both teams did good work, and to make special mention of some would be doing an injustice to the others.

A number of penalties for minor offences were dealt out by the referee who kept a sharp eye on the players.

The score stood, Newcastle, 4; and Fredericton 1. The line up was—

Chairman of Imperial Munition Board Appreciates Good Work in Connection with Special Traffic Movements

Writing to Mr. F. P. Brady, General Manager of the Canadian National Railways, Eastern Lines, Sir Joseph Flavell, Chairman of the Imperial Munitions Board at Ottawa, expressed himself as follows:—

"The work of the Imperial Munitions Board at Ottawa is complete. With the exception of a few officers of the Records Department who will remain here, the members of the staff necessary for the completion of the liquidation of our assets, will move to Toronto.

"Before leaving Ottawa, I desire to express my great appreciation of the assistance given the Board by the entire operating staff of the Intercolonial Railway. You will readily understand that many times during the last three years we have asked officers of the Company to give special consideration to the movement of traffic, and in all cases we have met with generous response.

This is an acknowledgement from Mr. Flavell of the excellent work done by the Canadian Government Railways in the matter of traffic movements during the most trying periods of war time, when special attention was given to overseas munition shipments.

Winter Hard On Baby

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

My Limbs Would Twitch

And Waken Me—Unable to Rest or Sleep, I Walked the Floor in Nervous State—When Specialists Failed I Found a Cure.

This is the kind of cure that has set Windsor people thinking and talking about Dr. Chase's Nerve Food. The action of this food cure is so radically different to the usual treatments for the nerves that everybody wants to try it. Gradually and certainly it nourishes the starved nerves back to health and vigor and the benefits obtained are both thorough and lasting.

Mrs. M. Smithson, 27 Arthur street, Windsor, Ont., writes: "I was suffering from nervous breakdown, which was caused by a shock when fire broke out in the adjoining house. My nerves were in such a state that, after going to bed I could not get my nerves quieted down sufficiently to go to sleep. I used to get up and walk around the room, or go downstairs. Even when I would be dropping off to sleep my limbs would twitch and waken me. I used to have cold, nervous, night sweats, sometimes would become unconscious and lie that way for quite a little while. I was always cold and it seemed impossible for me to get warm or keep warm. When on the street I would see two or three objects at once, and did not want any person to speak to me or bother me. Any little noise irritated and annoyed me very much. I had consulted specialists and tried many remedies during this time, but could not gain relief. At last I tried Dr. Chase's Nerve Food, and before long could see that this treatment was proving of benefit. I am now feeling so much better that I can go out on the street without any difficulty, can go across the river and go about the same as usual. I sleep well at night, and am feeling more like myself every day. I am pleased to be able to write you to tell you how much good the Nerve Food has done me. It has strengthened and built up my whole system. I am recommending it to everybody I find suffering from nervousness of any kind."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.
