

EVERY GENERAL STORE-KEEPER NEEDS "FRUIT-A-TIVES"

INFERMAN, Ont. Sept. 23rd, 1910. "I am in the General Store business and have been a resident of Inferman for thirty-seven years. Since I started this store four years ago, I have found your remedy "Fruit-a-tives" the most satisfactory one I have sold. Many of my customers have used "Fruit-a-tives" with the most beneficial results and I know of two cases that have been completely cured of Dyspepsia. I recommend "Fruit-a-tives" on every possible occasion and would say that if every general store keeper, who stocks medicine, would keep "Fruit-a-tives" prominently displayed, he would increase his business many fold."

ALEX. LARUE.

"Fruit-a-tives" is the only remedy in the world made of fruit and the only remedy that will positively cure Constipation, Indigestion, Pain in the Back, Headaches, Rheumatism and all Kidney and Bladder Troubles. See a box, 6 for \$2.50, trial size, 5c. At dealers, or from Fruit-a-tives Limited, Ottawa.

WAS DROWNED AT WABAMUN LAKE

Earl Weller, of Bradburn Stationery Company, Lost Life by Seizing Canoe Capsizing—Mr. Bradburn's Narrow Escape.

(From Monday's Daily.) Wabamun Lake was the scene of a drowning accident yesterday afternoon, the victim being Earl Weller, aged 23, bookkeeper with the Bradburn Stationery Co. of this city. W. C. Bradburn, who has been holidaying at the lake, had a narrow escape and now lies at the home of his father, R. Bradburn, 628 Eighth street, in a prostrate condition. The accident took place shortly after one o'clock yesterday afternoon and was the result of the upsetting of a canoe in which were both young men about a mile off Coal Point. Bradburn was seen from shore on the top of the upland in the city when rescued by James McIntyre of this city and others after he had become unconscious but was holding on with death grip. Before assistance had reached the boat, however, Weller had become exhausted and had sunk to the bottom for the last time. The body has not yet been recovered but a party of friends will go out to the lake this morning to make a thorough search.

Young Weller, who is very well known and popular in the city, went to the lake yesterday morning to spend the week end with Mr. Bradburn. Soon after arriving the two started by canoe, on which there was a sail, from Wabamun to Selva at the other end of the lake.

Loss Pipe Overboard. When about half way down, about a mile off Coal Point, Weller dropped his pipe overboard and Bradburn jumped overboard, with his clothes on, in an endeavor to secure it. "The canoe went on about fifty yards farther before Weller was able to bring it about and in doing so he upset it. Bradburn, however, managed to regain the craft and it was righted again and the two started on their way.

Shortly afterwards it upset a second time, owing largely to the wet sail and they were unable to right it on this occasion.

Sank to the Bottom. They however managed to get a hold to the bottom for some time but gradually Weller weakened and finally let go his grasp and sank to the bottom. Bradburn held on with the tenacity of a dying man and resumed his position till assistance arrived from the shore and he was rescued.

The ill-fated young man who met the tragic death was a native of Peterborough, Ont., and had resided in Edmonton for about two years. He resided in Edmonton at 628 Sixth street.

PORTUGAL IS COMPLAINING

Because Powers Have Not Recognized the Republic.

Lisbon, via Badajoz, Spain, July 23.—The Lisbon newspapers print long articles complaining that the powers, particularly Great Britain, have not yet definitely recognized the republic. It is stated, however, on the highest authority that the powers before giving official recognition to the republic desire not only that the constitution be voted and a president elected, but also that an amendment to the separation law, whereby the rights of foreign churches will be respected, shall be published and approved by the constituent assembly in accordance with promises made in accordance with the British, French, German and Italian legations.

For summer diarrhoea in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, and a speedy cure is certain. For sale by Druggists everywhere.

85 DEGREES IN THE SHADE MONDAY.

Early yesterday, the thermometer at the Meteorological Office had climbed to 85 degrees, the highest temperature recorded so far this year. The maximum Monday was 84 degrees, reached shortly before five o'clock. By comparison with the cool weather which Edmonton has been having for the last week, the heat of the past two days seems almost tropical, but the observations records show that the air is still 20 degrees cooler than it was in Eastern Canada during the height of the recent heat wave. Since 1883, when records were first kept of temperature and precipitation in Edmonton, the temperature has never gone above 94 degrees. This maximum was registered on June 11th of last year. In June, 1898, the same temperature was recorded. The other warm days this year have been July 13, 83 degrees; June 15th, 82 degrees; and May 6th, 83 degrees. The temperature was 85 at noon today, but may go higher before six o'clock.

DR. TORY RETURNS FROM THE EAST

Attended Conference of University Representatives from All Over Canada Held in Montreal—Preparatory for Great Congress to be Held in London.

(From Monday's Daily.) A conference of university representatives from all Canada, has just concluded at Montreal, according to Dr. Tory, who returned from the east yesterday morning. The purpose of the conference was to make arrangements for a great congress of university delegates from Canada and the British Empire to be held on July 4th to the 12th, 1912, on the invitation of the University of London and with the co-operation of Oxford and Cambridge, to discuss general educational problems within the Empire. The universities of Canada have all been asked to send representatives as well as all universities of standing within the Empire.

"The discussion," said Dr. Tory, "will relate to general educational problems and will involve an exchange of views on methods of instruction held in Montreal—Preparatory for Great Congress to be Held in London. The discussion was held in London next year before starting."

At the commissioners' meeting Saturday, Mayor Armstrong and the city engineer were appointed a committee to look into the matter of the C. P. R. as to the requirements of the city with regard to the arrangement of street car and pedestrian tracks on the high level bridge, who is a necessity. It was also disposed while accepting the full amount of the city's grant to give less than the estimated terms of the agreement.

The city solicitor was instructed to report on the responsibility for the care of Seventh street north Alberta street. The street is in very bad condition and is situated in neither the city nor the local improvement district. The commissioners were disposed to think that the G. T. P. would be responsible for the care of the street and the question was referred to the city solicitor to decide.

TO START EAST END BRIDGE

Work on the sub-structure of the east end bridge will commence some time during this week. The amount of the contract, which was awarded to the contractors, Campbell & Spencer several weeks ago, is approximately \$10,000. Under the contract which was signed up at the city hall this morning, the work on the sub-structure must be completed before the end of February, 1912, and ready for the erection of the steel part of the plant required for the work is already in the siding, and the contractors are prepared to commence work without delay.

AUTOMOBILING ACROSS CANADA

A McLaughlin-Buick car which has travelled the route from Ottawa, Ontario, and is bound for Victoria, B.C., arrived in the city Friday. The car is in charge of G. W. McLaughlin, vice-president of the company, and with him are three others, J. G. Clime, manager of the Regina branch, R. McBranch, and L. L. Brooks. The party left Winnipeg on July 10th and made the trip to Edmonton by way of Regina, Moose Jaw, and Saskatoon. On leaving Edmonton they will proceed to Calgary, and thence to Lethbridge and Cranbrook, as the route of travel to the coast lies through the states. The trip is being made primarily for a gold medal, donated by the Pacific Highway Association for the first automobile to make the trip between Winnipeg and the coast.

THE ELECTRICIANS MAY GO ON STRIKE

General Dissatisfaction is Expressed With Agreement With City.

(From Tuesday's Daily.) General dissatisfaction with the working of the agreement reached by the city and the electrical workers as a result of the finding of the arbitration committee headed by His Honor Judge Taylor, appointed under the Lemieux Act, was expressed at Saturday night's meeting of the local union of the International Brotherhood of Electric Workers which met in Hourston's Hall on Jasper West. The reasons for the calling of the meeting was the trouble which broke out on Saturday last between the linemen and Superintendent Graham, which resulted in the discharge of one man and which led six others to quit.

All Men Ranked Low. The arbitration committee's finding recommended as one measure, a sliding scale by which linemen were to be divided into three classes, wages to be determined by the class to which each individual belonged. This idea was found favor and was accepted by the union. It was found, however, when they came to be paid, that although they had been promised material increases, apparent advances had been counterbalanced by the sliding scale by which practically all of the men were ranked as third class men. On Thursday night's meeting of the union a grievance committee was named, in accordance with the finding of the arbitration committee, to meet the linemen and appeal to him to adjust the difference. When seen on Friday, it is said, the mayor informed the men that the matter was under advisement but on Saturday told them, they declared, that he could not interfere with a superintendent.

Telephone Men Quit. Meanwhile several of the linemen on finding that the wages they received were only those paid third class men, went to Superior and telegraphed—without effect, however, and it is said that one of the men was discharged on the spot. On Saturday night's meeting of the union this matter was discussed and determined to take their grievance before the meeting of the union which met that night. The meeting in Hourston's Hall was open and well attended. Business was suspended while a delegation of the telephone linemen was admitted to lay their trouble before the union. After some discussion it was decided to have the grievance committee to that organized by the mayor and commissioners today and attempt to reach some satisfactory agreement. The men are determined to have some concession recorded their side of the case, and if their advances are not met, more severe measures, such as a strike of the electric workers of the city, may be resorted to.

Where Trouble Rests. The whole trouble rests on the classification of the men. The latter claim that among their numbers are many who are entitled to a higher class, but the mayor has refused to accept this claim, except in the case of a few men. The mayor has expressed himself as being in sympathy with their demands.

WHERE IS ART, JORGE

(From Tuesday's Daily.) Enquiries have been received at the headquarters of the Mounted Police regarding the whereabouts of Art, Jorge, son of J. J. J. Overland Post Office, Saskatchewan. Art, Jorge, who is a necessity, was last heard of in December, 1910, when he was working at Blenheim, Cam. on the west of G. T. P. His father had been accustomed to hear from him regularly, but the correspondence ceased suddenly at this time and nothing has been heard of him. He is five feet eight inches in height, weighs 150 pounds, is of pale complexion, has large dark eyes and "chews" snuff all the time.

SHOT WIFE, THEN HIMSELF.

Robert H. Stewart, of Brooks, Alta., committed suicide Monday. Stewart, a Swift Current, Sask., July 22.—Estranged into temporary insanity by the refusal of his frightened wife to accompany him back to his farm at Brooks, Alberta, Robert H. Stewart shot his wife three times at his father's home, where he was staying, then, turning the revolver on himself, suicided by firing three bullets into his own heart, dying instantly. Stewart threatened to shoot his wife some time ago and was sent to the Brandon asylum for a time. Being discharged later, he went to Brooks, where he worked for a time, but yesterday he returned to his father's home, where his wife and children were staying. After discussing family affairs, Stewart asked his wife to accompany him back to Brooks, but being afraid of his malady, she refused, and shortly afterwards Stewart entered the house with a revolver and shot her three times, then shot himself.

HORSES KILLED BY LIGHTNING

San Francisco, Cal., July 22.—Nine horses ridden by eastern tourists on one of the steep trails in the Yosemite valley were killed by a bolt of lightning and one of the riders was injured, according to reports received here yesterday. All were thrown violently to the ground but escaped serious injury.

Never Leave Home on a Journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the cars or steamships. For sale by Druggists everywhere.

QUEEN MARY EXTENDS HER THANKS FOR GIFT

Mrs. Bulvey in Receipt of Letter From Her Excellency Lady Grey Extending Her Majesty's Formal Thanks for Coronation Gift of Marys of the Empire.

(From Tuesday's Daily.) Her Excellency Lady Grey has forwarded to Mrs. Bulvey, of Government House, the following letter of thanks from Her Majesty, Queen Mary, thanking the Marys of the Empire for the coronation gift presented by them: Government House, Ottawa, July 14th, 1911.

Dear Mrs. Bulvey.—A letter from Queen Mary thanking the Marys of the Empire for the beautiful gift that they have presented to Her Majesty on her coronation has been communicated to the English press.

I enclose a copy of it, and would suggest that if Her Majesty's letter has not yet appeared in your provincial newspapers, they should be asked to allow their columns to be made the medium of the gracious thanks of Queen Mary to the Marys of the Empire.

Believe me, Dear Mrs. Bulvey, Yours sincerely, (Sgd.) ALICE GREY.

Mrs. Bulvey, Government House, Edmonton.

(Copy.) Buckingham Palace, July 8th, 1911.

I thank most warmly all the Marys in the Empire who have so generously contributed to the gift which has been presented to me.

The thought of the affectionate impulse which prompts me to do so, I can assure you, deeply touched me. The beautiful insignia of the order which I have just received, and in which you will form the personal part of the gift, will be treasured by me throughout my life, and will be handed down as precious heirlooms to those who come after.

I look forward with special satisfaction to sending you a certificate of this noble present to a charitable object in which I am greatly interested. (Sgd.) MARY.

TO ESTABLISH OFFICE HERE.

Geo. F. Challenger, representing the firm of Geo. C. Mercer and Co., chartered accountants of Toronto, has arrived in the city with the intention of opening up a branch office here. Mr. Challenger states that after having travelled extensively through the west searching for a location he has fully decided to remain in Edmonton. He is a guest at the Windsor Hotel.

CATTLE CHARGING CHARGE

Information charging cattle stealing has been laid at the Mounted Police Barracks against a young Austrian, who lives in the neighborhood of Mundare. The cattle which is alleged to have been stolen are the property of two Austrian farmers who live with their father, a widower, on a homestead near Mundare. The cattle were herded from their mother and the cattle form part of the estate of which the father is trustee. The young fellow against whom the information is laid by the police is said to have driven several head of cattle away and to have sold them.

TO REPORT TUESDAY

Recommendations regarding the preparation of plans for the erection of a new city hall are likely to be embodied in a report to be submitted to the city council at their next regular meeting. This matter came up for consideration by the council about two months ago, and was referred to a committee. Meetings of this committee have been announced several times, but all have failed to meet. The Mayor now states that he will endeavor to have the committee together before Tuesday.

BUILDING PERMITS

Building permits were issued from the city engineer's department Saturday as follows:

W. Johnstone Walker & Co.

Announcement of Interest to Bulletin Subscribers

W. Johnstone Walker and Co. beg to announce to the Bulletin Subscribers that they have contracted for the space in which this advertisement appears, and will run their advertisement twice a week, that is, in every issue of the Semi-Weekly Bulletin.

The Lines Advertised will Interest you.

with a very big stock for fall, with considerable additional floor space to handle the business in, and a large staff of trained employees, W.
