OFFICIAL.

LONDON, Oct. 26.
The Governor, Newfoundland:
In France the enemy succeeded in re-occupying some portions of the central trenches of the salient lost in Champagne.

Near Riga, six violent German attacks have been repulsed and fierce attacks beyond Ilukst also repulsed. On Oginski canal and at Chartorsyk, counter-attacks have been repulsed, and at the latter point over a thousand prisoners captured.

The Italian offensive continues successfully.

In Serbia, near Stronmitza, the French have repulsed a Bulgarian attack. The pressure in the north continues.

German reports admit the sinking of the cruiser Prince Adalbert off Libau, and only a small portion of the crew rescued.

BONAR LAW.

SITUATION GRAVE.

SALONIKA, Oct. 26.
The situation in Serbia is grave, of course, but it is in no wise desperate, said a French officer. The Austrians and Germans have advanced less than twelve miles on the Danube front notwithstanding their numerical superiority. The line now held by the Bulgarians may prove to be perilous to them. You may say the French are fully alive to the situation and are not at all discouraged.

PLEGGED TO MAINTAIN NEUTRALITY.
LONDON, Oct. 26.
A cable to the Herald says S. J. Dillon telegraphs from Rome to the Daily Telegraph that he knows for an absolute fact that while the Greek cabinet is under no real obligations to the central empires, King Constantine is bound to the Kaiser by a solemn pledge to maintain neutrality toward Germany, the Kaiser agreeing to give Greece territorial compensations after the war, if she does not cast her lot with the Allies. To do him justice, says Dr. Dillon, King Constantine, it must be said, refused, despite threats, to draw sword on the side of Germany. Dr. Dillon is convinced that if the Allies send a big army to Serbia, the German conspiracy will fall and both Greece and Roumania then will support the entente; but the relieving force must be a big, a very big army.

DEFEND BLACK SEA COAST.
LONDON, Oct. 26.
The report that Turkish troops are being concentrated at Burgas, Varna, and other points on the Black Sea coast of Bulgaria, is reiterated in a despatch received here to-day from Athens. The despatch says the Turks are to oppose the Russian attempts to land troops, having feared the latter could not be counted on to resist the Russians. A despatch to the Exchange Telegraph Company says that five thousand German soldiers from Constantinople are replacing Bulgarians at points on the Black Sea. The littoral defence of the coast has been entrusted to Germany.

BREACH WITH GREECE POSSIBLE.
NEW YORK, Oct. 26.
A News Agency despatch from London this afternoon, says that Britain's offer of Cyprus to Greece lapsed because Greece has not seen its way to helping Serbia. Foreign Minister Grey told the Commons to-day that a break between Greece and the Allies hinted at by the Central News to-day, was a possibility, and the suggestion was made that the Greeks might carry their neutrality ideas so far as to interfere with the Allied operations in the Balkans. A note handed by a representative of the Allies to the Greek Government is said to contain information that a break may occur if Greece takes such a stand or persists in her refusal to come to the aid of Serbia. The cabinet held a long session to discuss the Balkan situation and the report of Sir Ian Hamilton on the situation in the Dardanelles, to-day, Premier Asquith was so much better to-day that he was able to keep his engagement and attend the cabinet meeting.

"CAN YOU AFFORD TO TAKE CHANCES?"

A little cold may not seem a dangerous thing—you may feel inclined to let it go on hoping that to-morrow it will be better—but can you afford to take chances? Just as the little insignificant acorn grows if let alone, to the mighty giant oak, that cough if not stopped may grow to a very serious illness. When a cough starts there's no telling where it will end. You know no doubt, of cases right among people you have known where serious complications and fatal illnesses have had their start from a neglected cough or cold.

A cold is more than inconvenient—it is dangerous—so the big thing is to find a reliable remedy—one that will give you quick, satisfactory relief.

There are many treatments that are recommended for a cough or cold but "STAFFORD'S PHORATONE COUGH AND COLD CURE" is recommended to be the safest, surest and most satisfactory way to cure a cold, grippe, etc.

Price 25 cts.; Postage 5 cts. extra. Prepared only by DR. F. STAFFORD & SON, St. John's, Nfld. Manufacturers of 3 Specialties: Stafford's Liniment, Stafford's Prescription "A," Stafford's Phoratone Cough & Cold Cure.
