The Tabasco Brings Big Freight.

The Furness liner Tabasco, Capt. Yeomans, arrived here Saturday afternoon, taking sixteen days to come from Liverpool. A continuation of strong westerly gales and heavy seas were encountered from start to finish of the voyage. She was badly laced up on arrival owing to the sprays forming into ice. The decks were well coated and the winches were frozen in, making the docking of the ship difficult and tedious. The Tabasco brought 60 packages of mail matter and 600 tons of cargo. She sails again for Halifax to-night.

Thanksgiving Service

AT GOWER STREET CHURCH.
The Hon. R. K. Bishop addressed the large congregation at Gower St. Church last night and asked the people to help along the paying off of the debt on the church. Mr. Bishop hoped that when the twentieth anniversary of the dedication of this splendid edifice came round—which will be next October—the debt which is now only about \$4,000 will have been paid. When the church was first opened in 1896 something like \$29,300 was owed on it, all this has been paid off except \$4,000. Miss Storey rendered an excellent anthem solo at the close of the service.

WITH THE VOLUNTEERS.—Those who resumed drill Saturday morning after being inoculated spent the day at Swedish and other indoor drill and were dismissed at 5 p.m. One squad had practice at the South Side Rifle range.

Baby Afflicted With Eczema Dr. Chase's Ointment Cured

The Family Doctor Tried in Vain to Heal the Sores—Another Tribute to This Great Healing Ointment.

It may be interesting to note that Dr. Chase's Ointment was originally compounded to cure a case of eczema on a child. The disease had spread almost over the entire body and defied all the regular treatment for such troubles. The doctor was perplexed but finally hit on the formula of Dr. Chase's Ointment, and, as many say, "it worked like a charm," healing up the nasty sores, and leaving the skin soft and smooth.

That was a good many years ago, and since then many thousands of cases of eczema, both in children and adults, have been cured, until to-day Dr. Chase's Ointment is recognized as the standard cure for itching skin diseases.

Mrs. Geo. McNair, River Charles, N. B., writes as follows: "We use Dr. Chase's Ointment in our home, and would not wish for anything better for cuts, burns and bruises. A few years ago a friend of mine, whose

Dropped Dead in Church.

A sudden death occurred at 9.50 a.m. yesterday in the R. C. Cathedral, the victim being Patrick Leonard, aged 62 years. He had gone to attend ten o'clock Mass and had just entered the church and gone upon his knees when he was stricken and fell to the floor. Constable Chafe and Fire Constable Codner, who hastened to his assistance, saw at a glance that the man was dying and quickly had Dr. Keegan and Rev. Father Carter in attendance. The services of the physician were of no avail, however, and Father Carter just had time to administer the rites of his Church to poor Leonard before he expired. Death was pronounced due to heart failure. The corpse was then conveyed to its late home on Lime Street where it was prepared for burial. Deceased had been engaged as a night watchman at the Insane Asylum. He formerly conducted a grocery business and was an upright and reliable man. He is survived by a widow, one brother and three sisters. The Telegram offers its sympathy to the bereaved ones.

It is a sad coincidence that one year ago a similar event took place in the Cathedral. The victim was about the same age and of the same occupation also.

What Are You Doing for that Eczema?

"Nothing; I've about given up trying to cure it."
"That is not wise. Do as I did and you will probably be cured in a short time. I used Zylex and Zylex Soap with it and my Eczema began to improve at once. A couple of boxes cured. You can get Zylex at your druggists."

The Knowing Theft.

THREE EMPLOYEES CONVICTED—POLICE STILL INVESTIGATING.

The three young men, LeGrow, Bugden and Clarke, who were arrested on a charge of theft from Knowling's Dry Goods Department, were tried by Mr. C. H. Hutching's, J. P., Saturday afternoon. Exenuating circumstances were put forward on behalf of the accused and the court was lenient. LeGrow, who was employed as clerk at Knowling's, was charged with stealing goods to the extent of \$160, a list of which was published on Saturday. He pleaded guilty and in view of it being his first offence and because all the stolen goods were returned, the accused was fined \$150 or three months imprisonment. The fine was paid. Bugden, the teamster, who accepted goods to the value of \$18 from LeGrow, was the next dealt with. He was let go on suspended sentence on promising to replace the stolen articles. Clarke, who had charge of the parcel delivery, was charged with having received \$4 worth of goods was also let go on suspended sentence, as it was taken into consideration that it was his first offence and he undertook to give compensation for the stolen property.

Reid, the last suspect who was arrested, worked in the grocery store. He was remanded.

BELOW THE STANDARD.

How do you feel to-day? Not quite right? Energetic a little below standard—not strong enough to make much exertion? perhaps a slight cough? Nyal's Cod Liver Compound is what you need. Don't get frightened about those words "Cod Liver." You'd never know it from the taste. It's a real tonic containing cod liver extract, extract of malt, wild cherry and hypophosphites—a splendid combination. The cod liver extract builds you up—so does the extract of malt. The wild cherry soothes the bronchial tract and the hypophosphites supply phosphorus to the nervous system—just the thing it needs. And the taste is pleasant. As an all round tonic, strength restorer and body-builder you'll find nothing better than Nyal's Cod Liver Compound—so why look further? You will be pleased to find the price is one dollar. **PETER O'MARA, THE Druggist 46-48 Water St. West.**
