Guelph, Sept. 27, 1872.

RATHER RISKY.—The Niagara Falls Gazette of Sept. 23th, says:—A most hazardous and perilous exploit was successfully undertaken on the river yesterday afternoon. Our well known druggist, E. E. Russell, Esq., had engaged Barney Lescor, more familiarly known under the sobriquet of "French Barney," to convey him from Port Day to Chippawa. Barney had reached a point in the river a little below Grass Island when Ed. proposed heading the boat down the river attempting to make the head of Goat Island. This is an undertaking which most of men are content in knowing it has been accomplished, but which they entertain no ardent desire for effecting themselves. Barney hesitated attempting so risky a deed, but a five dollar greenback had a disastrous effect upon his prudential discretion. The voyage was attempted and brought to a successful termination. Judging from the remarks which Barney subsequently delivered concerning the novelty and excitement of such a pleasure trip we are scarcely justified in claiming that the voyage will be readily classed among the desirable trips which strangers are expected to enjoy during a visit to our neighborhood.

THE CASE OF James Flynn is occasioning considerable comment in England. Flynn was condemned to be hanged for the murder of Johanna Naim, his mistress, but he died in prison. For several days he utterly refused to eat anything, and at last it was deemed advisable to force food down his throat with a stomach-pump. The prisoner strenuously objected to this, but was at last overpowered, and the prison surgeon set to work at him. The pump was fixed in a proper position, but Flynn wriggled about until his throat was so lacerated that it was evident that he would be gravely injured by any further attempt to provide him with nourishment. So he was permitted to rest in peace, and died a day or two afterwards, of starvation.

SURGEON told Dr. Cuyler recently that he never wrote a sermon, and would rather be hung than to do such a thing. He works up his points, draws on his bible knowledge, general information and good sense, and then preaches straight at them.

A match at threading needles, the competitors to be old ladies not less than seventy years of age, is "on the cards" to vary the amusements of the coming winter. Spectacles are to be discarded, so as not to give the eyes of the competitors any undue advantage over the eyes of the needles.

BREAKFAST—EPPS'S COCOA.—GRATEFUL and COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills.—Civil Service Gazette. Made simply with boiling water or milk. Each packet is labelled "James Epps & Co., Homeopathic Chemists, London." Also, makers of Epps's Milky Cocoa (Cocoa and Condensed Milk).

H. C. Caswell, Oshkosh, Wisconsin, February, 1872, in a letter says: "Fellows' Hypophosphites is doing good work here, and we have already disposed of a large quantity. It stands the test, and every day people express their praise of its virtues. Our physicians are prescribing it, and we have goods accounts from Michigan and Illinois."

Has the Best Watchmaker in Town.

and is a thoroughly practical workman himself. Guelph, Sept. 4, 1872 wotj

CAUTION.

The Cornwall Manufacturing Company have pleasure in intimating the complete restoration of their works at Cornwall which are now in full operation, producing large quantities of White and Grey Blankets, and Heavy Medium Class Tweeds. They request, however, having again to call attention of the public to the continuance of the disreputable practice of importing English Blankets and selling them as Canadian. These Blankets are made largely of Shoddy and Cotton Waste, with small percentage of pure Wool, and though slightly in appearance, closely imitating the Cornwall Blankets, and ticketed "Canadian Manufacture," have neither warm nor wear, but can be sold at a lower price than the Cornwall Blankets (which are made of Pure Wool) can produce for.

The public are cautioned against this attempted deception, and respectfully informed that the name of the CORNWALL MANUFACTURING COMPANY is printed on the ticket of every Blanket made by them. Cornwall, Sept. 16th. 1872 dwm
