Annual Convention—Exportation of Cream to United States.

St. Thomas, Jan. 13.—The annual convention of the Dairymen's Associaion of Western Ontario opened its sessions in the Engineers' Building, St. Thomas, yesterday, by an address from its president, J. F. Parsons, who welcomed its delegates to the 43rd annual convention of the association and reported progress and great success all along the line.

I. W. Steinhoff, of Stratford, one of the judges of the butter exhibit, said that the butter display was the largest and most creditable ever held by

the association. The increasing success of the convention is attributed by many to the dairy farm competition in connection with the butter and cheese exhibit. Among the prize-winners were Mr. J. E. Stedelbaner, of Listowel, who received a handsome silver cup, awarded by the Imperial Bank of Canada for the highest score in cheese-making, and Mary Morrison, of Newry, who received the cheese buyers' trophy, a challenge cup valued at \$150. Special prizes were also won by Messrs. W. Brown, of St. George; H. B. Lowe, of New Dundee; D. Menof Molesworth: J. T. Donnelly of Union, and R. A. Thompson. of At-

total exports of Canadian cheese from May 1 to Dec. 30, 1909, were reported to have been 1.916,667 an increase of 46,000 boxes over 1908. The value of the cheese at 11½ would be \$17,633,336. The total exports of butter for the same period was 39,506 packages, a decrease of 53,911 packages of 1908. The value of the butter was \$508,223.

A new development of this season was the exportation of cream to the United States since the new American tariff was put in force. Addresses were given by Professor

R. Harcourt, of the Ontario Agricultural College, at Guelph, on cattle feeds, and by Mr. C. F. Whitley, of the department of agricultura in Ottawa, on what dairy records suggest.

The welcome of the city was briefly but cordially extended to the visiting delegates in the evening, when Mayor Guest and Mr. M. G. Hay, president of the board of trade, addressed the convention. The programme was socially varied with music and songs, so as to draw a very large audience of both sexes. Addresses were given by Messrs, N. P. Hull, of Dimondale, Michigan, president of the American Dairy Farmers' Association for Profit;

'. C. James, Toronto, deputy minister of agriculture; J. R. Dargavel, M. P. Elgin, ex-president of the Eastern Ontario Dairymen's Associa-

The contestants were divided into classes: First, those who furnished the largest amount of milk per cow to any cheese factory in Western Ontario from May 1 to Oct. 31, 1909, and, secondly, those who furnished the largest amount of butter fat to any creamery in the same district. In the first class Mr. J. W. Cornish, of Harrietsville, was given the first prize, silver medal and \$15. Messrs, J. Vanslyke, of Dunboyne, Meson Bros., Tyrell, and A. E. Hulet, of Norwich, also won cash prizes. In the second class, Mr. R. M. Bowie, of Beachivlle. won the first prize, a bronze medal and \$15 in cash. Messrs, E. W. Lick, of Beachville, W. St. Louis, Jan. 14.—Ray Lamphere, who died recently in the Indiana Penitentiary at Michigan City, while servng a term for setting fire to the nome of Mrs. Bella Gunness, near Laporte, Ind., left a confession that he had assisted the archmurderess in disposing of the bodies of three men. When he believed death was near, he confessed, and the confession is published today, under copyright by the Post-Dispatch.

Lamphere said he saw one of the men killed, and that he aided in burying all three. These men were An-Hegglein, and probably Ole Budsberg and Tonness Petersenlein.
