## BIG MARKET TODAY; ALL LINES ACTIVE

There was a big market this morning, although rain was threatening. Every available inch of space was taken up by the wagons, offering their commodities for sale. Trading in all lines was brisk, with prices firm, as on preceding days.

Wheat is still selling for 85 cents per bushel. New oats are averaging at 94 cents; old oats are selling for \$1.05 to \$1.07 per cwt, although it is expected that these prices will drop somewhat before tonight, as there is every indication that there will be a larger offering later in the day.

Vegetables are stationary in price, with the exception of potatoes, which are now selling at from 50 to 60 cents, and tomatoes, which are going at 20 cents per basket or six baskets for a dollar.

Beets, cabbage and corn remain firm and will probably sell at present prices for some time as the supply is steady. Pickles are 40c per 100. Cauliflowers, \$1 to \$2 per dozen. Onions are bringing \$1 per bushel.

Pears are selling for 75c to \$1 for Bartlett's. Peaches bring 30c to 40c for Crawfords, 6-quart baskets.

Apples are now selling for 50c to 75c per bu. Melons are steady at 50c to 1c per doz. Grapes are lower, 10 lb. baskets going for 25c.

The prices on live stock remain stationary, although there will be a change on the price of live hogs about noon. Butcher's meats are listed as follows:

COTTON.  
(Special to H. C. Becker.)  
NEW YORK, Sept. 20.—The market closed firm. Speculation languished during today's brief session. The holiday in London cut out of the market the cotton from that source, and at home traders saw nothing in the situation to provide a fresh impulse. Bears were not inclined to follow up the advance gained at the opening when they forced down Rock Island to a new low price for the movement and unstated the facts. Attempts to get back stock revealed the character of the selling, the market apparently being based on Friday evening about the time the average had been restored to yesterday's closing level interest in the market was not great.

## YOUNG PRIEST ORDAINED BY BISHOP FALLON

Mr. James Harding Was Admitted to the Priesthood This Morning.

The ordination of Rev. James Harding, son of Mr. James Harding, of Nelson street, this city, to the priesthood, took place in St. Peter's Cathedral this morning. Mr. Thos. McCartney and Mr. Parnell Mahoney were both ordained deacons.

The ceremony was performed by his lordship Bishop Fallon. Father Harding, when the new 10,000 switchboard will be put into commission. The "cut-over" will occupy only about five minutes, but it has taken months of painstaking toil to prepare for the event.

The engineers of the Northern Electric Company, who have superintended the installation of the switchboard, will be present this afternoon to formally hand over the finished work to the Bell Company.

The new switchboard is located in the new addition recently built, and the operators immediately after the "cut-over," as a "cut-over" of such proportions is an event of extremely rare occurrence.

The car, No. 78, on the Oxford line, was in charge of Mr. J. J. O'Connell, and Conductor L. Carling, and was travelling at a good rate of speed. As it neared the corner, the car was suddenly stopped by the curb, suddenly attempted to cross the track in front of the car. It all happened so quickly that no one could have surely have resulted had not the motor-man retained his presence of mind. He "braked" the car and stopped it before the child was scooped up and carried some distance. The crew hastily sprang to the ground and picked up the little girl, who was found to be uninjured. It was a narrow escape.

Chinese citizens of London are interested in a dispatch from Vancouver, in which it is stated that Dr. Sun Yat Sen, late provisional president of the Chinese Republic, is travelling incognito in Canada, and has been recognized by friends in Vancouver. The doctor is expected to arrive in this city on his way to England, and would probably cross Canada on his way, having been prevented from entering the United States in the disguise of a student. Fear of the discovery of his true identity would surely have resulted had not the motor-man retained his presence of mind. He "braked" the car and stopped it before the child was scooped up and carried some distance. The crew hastily sprang to the ground and picked up the little girl, who was found to be uninjured. It was a narrow escape.

Chinese citizens of London are interested in a dispatch from Vancouver, in which it is stated that Dr. Sun Yat Sen, late provisional president of the Chinese Republic, is travelling incognito in Canada, and has been recognized by friends in Vancouver.
