A get-acquainted offer to cigar smokers

Actual size-CHESTERFIELD-5 inches

Establishing a cigar amongst smokers is usually a slow process. It takes plenty of time and patience before a smoker can be induced to give a new cigar even a trial. Well, we are not satisfied to take the customary course if we can get quicker action by adopting some other means. And the means we have adopted is this:

Ask any cigar dealer

for 50c worth of El Sidelo Cigars (Chesterfield size 5 inches; Club House size 41/4 inches). Smoke them as critically as you like; then if you are not satisfied that you have the biggest cigar value at the price-return the bands to us on or before July 15th, 1916, and the purchase price will go back to you by the next

That's square enough, isn't it? All we want you to do is to give the cigars a fair trial: then if they fail to make good you get your money back. Such an offer says a lot for our confidence in the fairness of the smoking public; it says a good deal more however for the quality of El Sidelo Cigar: for after all it's only the sterling character of El Sidelo which makes this guarantee possible.
