

CONSUMPTION CONQUERED.

W. P. ISLAND LADY RESTORED TO HEALTH.

Attached with a hacking cough, loss of appetite and general feeling of lassitude - Pink Pills Restored Her Health After Doctors Failed.

From The Charlottetown Patriot. Times without number have we read of the wonderful cures effected by Dr. Williams' Pink Pills, but generally the testimonials telling the tale had laid the scenes in some of the other provinces. This time, however, the matter brought directly home, and the testimony comes from a much respected and Christian woman. Mrs. Sarah Strickland, now residing in the suburbs of Charlottetown, has been married many years, and blessed with a large family, and although never enjoying a robust constitution, had, up to a year ago, been in comparatively good health. About that time she began to feel run down, and she became thin and a general feeling of lassitude took possession of both her mind and body. Her family and friends viewed with alarm the gradual development of her illness, and when a cough—at first inpatient, but afterwards almost constant, especially at nights—set in, doctors were summoned and everything that loving tender care and medical skill could do was resorted to in order to save the affectionate wife and mother, whose days appeared to be numbered. Her appetite was almost completely gone. Food was partaken of without relish, and Mrs. Strickland was unable to do even the ordinary lighter work of the household. She became greatly emaciated and in order to partake of even the most dainty nourishment a stimulant had at first to be administered. While this gloom hung over the home and the mother sorrowfully thought of how soon she would have to say farewell to her young family, she was induced by a friend to try Dr. Williams' Pink Pills. Though utterly discouraged and almost disgusted with medicine, she yielded more in a friendly way than in a hopeful spirit. After using the pills for a short time, a gleam of hope, a wish to get well again took possession of her and the treatment was cheerfully continued. It was no false feeling, but a genuine effort nature was making to re-assess itself, and before many days were over the family were joking their mother on her appetite, her disappearing cough and the bright she had given them. The use of the Pink Pills was continued for some time longer and now Mrs. Strickland's elastic skin and general excellent health would lead you to imagine that you were gazing upon a different woman, not one who had been snatched from the very jaws of death. She was never in better health and spirits, and no matter how long she is absent from her home, she is firm in her belief that Pink Pills saved her life and restored her to her wonted health and vigor.

BOARD OF TRADE NOTES.

Reduced Postage Wanted and Deeper Waterways a Priority.

The council of the Board of Trade met yesterday afternoon. One of the subjects brought up was the reducing of postage, the committee with the Winnipeg Board in this matter.

A very valuable report was read by Mr. Jennings, who represented the board at the Deep Waterways Conference at Chatham. In his report Mr. Jennings favored deep waterways to the seaboard, but it is evident that each locality has its special interests to advance.

Charles M. Whitlaw, of Wallace, Idaho, and H. Boehmer of Berlin were elected members of the board.

The Consumptive Sanitarium. The selection of a site for the National Sanitarium for Consumptives had been decided upon. The site which had been selected by Mr. Gage and Mr. Massey some time ago was visited Thursday by Dr. Sheard and Dr. Bruce of Toronto in company with Mr. Gage and Dr. Powell, who were being to get the opinion of the most eminent sanitary experts in the province. The beautiful property of Mr. T. M. Robinson on the lake shore about two-thirds of a mile from the town was visited and thoroughly inspected, after which the party repaired to the residence of Mayor McKillop, where they were met by a few of the leading townsmen, and the selection of the site was ratified with a unanimous vote. The by-law which submitted to the ratepayers for the work of erection will be immediately proceeded with.

Administering the Fifezlet Estate. Fort Worth, Texas, Nov. 8.—Q. T. Moreland yesterday filed application for letters of administration on the estate of Burton T. Lyman or B. F. Fifezlet, as was his real name, for the benefit of creditors. Recently Attorney Hudson filed application for letters of administration on the estate of Minnie Williams, deceased. She was the owner of the property that was deeded to Lyman by alleged fraudulent deeds and one of the many persons Holmes is accused of murdering.

The most palatable and most effective remedy for Bronchitis, Croup, Whooping Cough, etc., Dr. Lavolette's Syrup of Turpentine.

Proposed Change in the Contractors' Bylaw. Ald. Saunders is chairman of a sub-committee of the Board of Works appointed to consider the advisability of changing the by-law which compels the contractor to pay for the material and labor used on city contracts in case the contractor is delinquent. Ald. Saunders' proposal was to pay for very fishy claims for material put in of late. Mr. Rust, Assistant City Engineer, is opposed to the proposition, but the balance of the sub-committee agree with Ald. Saunders, who will report to the Board of Works.

Senator Thurman Dying. Columbus, Ohio, Nov. 8.—Ex-Senator Allen G. Thurman fell from a sofa in his library last Friday and suffered serious injuries which have developed into a serious nature, and he cannot possibly recover.

COMMERCIAL NEWS.

On the local stock exchange yesterday the strongest security was Western Assurance, which sold at 165 1/2.

The decline of 3/4 in British consols from the closing price of Thursday was the prominent feature in financial circles yesterday. This is the most serious decline in a single day for many months, and is considered as an indication that the political situation in Europe is strained.

It is said that no gold will be shipped at New York to-day, although the usual rate of sterling exchange is up to \$4.39 1/4, which admits of a profit in the export of the yellow metal. Since Jan. 1 the net exports of gold from New York aggregate \$44,830,000, as compared with \$66,384,000 the corresponding period of last year, and \$12,479,000 in 1893.

The bears on Wall-street, so the story goes, are determined to make the Monetary Trust liquidate their position at St. Paul. This trust for some time past were the largest buyers of this particular stock. The price yesterday declined to 73, the lowest for several months.

Money is unchanged. There is a noticeable tendency of the part of lenders to discriminate against certain classes of collateral, but this has had no perceptible influence upon the general market.

The foreign trade of the United States for the year ended June 30 shows a large increase in imports. The total value of the imports is given at \$731,957,876, against \$654,994,622, an increase of 12 per cent. The exports for the same period amount to \$607,589,133, against \$582,140,572, a decrease from the year previous of 4 per cent. Of course trade with the United Kingdom was heavier than that with any other country, the imports amounting to \$119,438, against \$107,785, an increase of 10 per cent, while the exports were \$387,170,865, against \$461,085,207, a decrease of 16 per cent.

REDUCTIONS IN WARD ONE.

The Cuts Individually Small But in the Aggregate Large.

The Court of Revision got to work yesterday, making a large number of reductions for inconsiderable amounts. Joseph Simpson received a reduction of ten per cent on 781 feet of land on various streets in Ward 1. That on Marjory-avenue was assessed for \$2; on Bernard-street, \$6; Jones-avenue, \$4; Booth-avenue \$13 and \$14, Natale-street \$7.

William Burton had his lots on Elliott-street reduced from \$22 to \$20 per foot. Patrick Foley's Broadview-avenue property was reduced from \$27 to \$25. Messrs. J. Cole and J. Argett appealed to have five acres on Danforth-avenue reduced from \$500 per acre. The rate was reduced to \$400.

Detective Alf Cuddy succeeded in having \$5 knocked off an assessment of \$45 per foot for a lot on Queen-street east. Samuel Brown's Gerrard-street property was reduced from \$22 to \$18. Robert Sparks' land on Broadview-avenue was reduced from \$23 to \$20.

Moses Aikin's land on Greenwood-avenue, assessed at \$700 per acre, was reduced by \$100. The Land Security got a cut of \$7 on land at 1389 Queen-street, assessed for \$5. Many properties adjacent to these named received similar reductions, and the aggregate will mean a large sum.

The Two Canals.

Editor World: In to-day's issue of your paper, you say:

"A glance at the map of Ontario discloses the fact that by far the shortest waterway from the upper lakes to Montreal lies by way of French River, Lake Nipissing and the Ottawa River. The Montreal, Ottawa and Georgian Bay Canal far outclasses the proposed Georgian Bay ship canal as a saver of time and distance."

The statement that the Ottawa Valley scheme "far outclasses the proposed Georgian Bay Ship Canal as a saver of time and distance" is wholly at variance with the facts. To begin with, the contemplated waterway by the line of the Ottawa Valley will have a depth but nine feet—all that is practicable, owing to the enormous cost that would be involved in removing the rock formation necessary to give the contemplated canal a depth of 20 feet, practically a duplication of the Erie, and its use will involve transshipment at both ends to and from small barges to the much larger vessels in use on the lakes.

The proposed Georgian Bay Canal, on the other hand, will encounter no rock, and it will be possible to secure by this route a depth of 20 feet for the same cost as would be necessary in obtaining nine feet by the Ottawa Valley. It is really owing to the necessity it would involve of transshipment and the use of small craft—not to be compared with that by way of Toronto and Collingwood.

There is, too, another very important consideration that should not be lost sight of. The still waters of the Ottawa Valley are covered by ice for nearly two months longer than the Georgian Bay and Holland Rivers and Lake Simcoe. This fact alone is sufficient to show that the Ottawa Valley scheme out of court altogether.

E. A. MACDONALD.

Can't Fool the Public.

Every successful business man has proved this great truth. It never was better exemplified than in the case of St. Leon Water. For years tremendous claims have been made to establish a reputation for other so-called medicinal waters. But every attempt has proved unsuccessful. "St. Leon" is now practically the only medicinal water used by the Canadian people, simply because they have found it just as represented, and that it never failed to effect a cure when used according to directions. Sold by the glass, bottle, barrel or carload at 101 1/2 King-street west, and all reputable dealers.

Conductor and Clerk Sentenced.

Three Rivers, Q., Nov. 8.—Conductor B. E. Campbell and Ticket Clerk Ouellette were sentenced by Magistrate Diselates on a charge of conspiring to defraud the Canadian Pacific Railway by reselling tickets to passengers to six months each at hard labor.

The Raymond Sewing Machine Co. Application has been made to the Ontario Government and a notice will appear in to-day's Gazette for an Act incorporating the Raymond Sewing Machine Company of Guelph (Ltd.). Those applying for the Act of incorporation are Charles Raymond, Guelph; Chris Kiefer, Guelph; and F. G. Sully, Guelph.

The proprietors of Farme's Pills are constantly receiving letters signifying the following, which explains itself. Mr. John A. Brown, Farme's Pills for Liver and Kidney Complaints. The relief experienced after using them was wonderful. As a safe family medicine Farme's Vegetable Pills can be given in all cases requiring a cathartic.

Bilton Bros

GRATEFUL-COMFORTING. EPPS'S COCOA

BREAKFAST-SUPPER. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the purest and most selected ingredients, Epps has provided a breakfast and supper delicately-flavored beverage, which may save us many heavy doctors' bills. It is by the judicious use of such articles that a constitution may be gradually built up until strong enough to resist every form of disease. Hundreds of subtle malarials are floating around us ready to attack wherever there is a weak point. We may escape many fatal shafts by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in packets, by Grocers, labelled thus: JAMES EPPS & Co., Ltd., Homocopia Chemists, London, Eng.

North Toronto News. A telegram from "Seldom Seen Camp," a noted deer rendezvous, near Farrington, which the Mayor, Fisher, Mayor Bennett, Mr. W. Clarke, Clerk of York Township; Mr. Morrow, of the Indian Revenue Department, repair each season, says that North Toronto's Mayor bagged the first deer.

It is learned from reliable quarters for nearly 18 months. I hope you will continue to recommend it.

Mr. Mansergh was taken out on the lake yesterday and inspected it from Scarborough to Mimico.

The construction of a gravel and cedar road to the new Cobban property on the Esplanade, has been commenced.

Alexander Coming to America. London, Nov. 8.—The Dramatic Mirror says that Mr. George Alexander, manager of the St. James' Theatre, with his company, will appear in the United States in 1897, under the management of Mr. Frohman.

Unequalled.—Mr. Thomas Brunt, Tyndalga, Ont., writes: "I have thank you for recommending Dr. Thomas' Oil for bleeding piles. I was troubled with them for nearly 15 years, and tried almost everything I could hear of or think of. Some of them would give me relief for a few days but none would effect a cure. I have now been free from them for nearly 18 months. I hope you will continue to recommend it."

Alleged Embezzler Caught. Queenstown, Nov. 8.—J. W. Taylor, a cabin passenger on board the steamer Catalonia, from Liverpool for Boston, was arrested upon the arrival of the steamer here, upon the charge of having embezzled \$4000 from a loan office in Oldham, Lancashire. Taylor was traveling under the name of Jackson.

Children like using Odonora, thus forming habits that will ensure them good sound teeth the rest of their lives.
