THE PATENT REVIEW has a guaranteed circulation of 6,000 copies among inventors, patentees, manufacturers and capitalists in Canada, United States, England and Germany.

The most effective advertising medium for reaching inventors, patentees, manufacturers, and capitalists.

One of the special, in fact the most important, objects of THE PATENT REVIEW is, *the creation of a medium for placing before the public new inventions, with a view of inventors or patentees realizing substantial benefits from their inventions*, of which many valuable ones remain unremunerative at present.
