What the Great Fish Culturist Says.

Last winter I went to Florida and while there contracted Malariain a very sovere form. When a roturned home I went to bed and remained there until spring My symptoms were terrible I had sleik aching pains in my head limbs and around hy back. My appetite was wholly gone, and I felt a lack of energy such as I had often neard described but had never experienced. neard described but had never experienced Any put put has ever had a severe attack of Malaria sair approciate my condition. As I faithful act any better I determined to try a remode made by a gentleman in whom I had the greatest confidence. I am happy to say it effected portuanent rollef and that I am well to-day the Orga the influence of Warner's SAFE Curef willer such an experience I can most I sairful recommend it to all sufferers.

FOR SWEET APPLE PICKLES, -Steam the

FOR SWRET APPLE PICKERS,—Steam the apples until tender, either whole or quartered. Then sweeten and spice, and pour vinegar over them while hot. Keep in jars or cans.

GRIDDLED TONGUES.—Split cold small tongues in two pieces, dip them in butter, season them highly with salt, pepper, and mustard, and broil on a greased gridiron.

mustard, and broil on a greased gridiron.

l'Astry.—Three cups flour, one cup nearly full of lard and heaped up with butter, a little salt and two-thirds cup of cold water. Put the lard and butter into the flour in small bits; pour in the water gradually, using a knife to press it together. Roll it out once to fit your pie plate. Do not mix it.

LEMON FILLING FOR PIES OR LAYER CARE.—One pint water, juice and grated rind of three lemons, and one cup of sugar. Set on range to boil. Then stir in two tablespoonfuls of corn-starch and yolk of one egg, and one tablespoonful of butter. Boil a few minutes, and when cold enough to pour, fill your pie, and cover with strips of crust.

When knitting children's stockings of

WHEN knitting children's stockings of German knitting yarn, or of other heavy qualities of yarn, do not use too large needles. Of course, you get along much faster, and the stockings will thicken somewhat when washed for the first time, but they will not be nearly so serviceable as if knit with smaller needles, only a trifle larger than those you use in knitting the cashmere yarn.

VICTORIA FRITTERS.—Slice a loaf of baker's bread into pieces an inch thick; cut the slices in the centre, trimming off the crust, and place them on a flat dish. Take a quart of sphanilk, one sattspoonful of salt, four bester eggs. Stir the whole together and popr eyer the bread several hours before dinner, that it may be equally moistened. Fry in her butter a delicate brown, and eat with sweet sauce.

with sweet sauce.

APPLE CUSTARD PIE.—Two eggs four or five apples grated, a little nutmeg or cinnamon, two-thirds cup of sugar, half pint of new milk or cream. Peel the apples and grate them, adding the sugar and nutmeg or cinnamon. Beat the eggs very light and stir in the milk or cream. Put all together, beat it several minutes, and pour into a deep pie filte, which has been covered with pastry? No upper crust.

ADDATO FRITTERS.—One pint of boiled and pashed potatoes, half a cupful of milk, three tablespoonfuls of butter, three of sugar, two eggs, a little nutmeg, one teaspoonful of salt. Add the milk, butter, sugar and seasoning to the mashed potatoes, and then add the eggs well heaten. Stir until very smooth and light. Spread about half an inch deep on a buttered dish, and set away to cool. When cold cut into squares. Dip in beaten egg and bread crumbs, and fry brown in boiling fat. Serve immediately.

COCOADUT CAKE.—To the yolks of six

brown in billing fat. Serve immediately.

COCOMPUT CARE.—To the yolks of six eggs, well beaten, add two cups of white sugat, three quarters cup of butter, one cup sweet milk, three and a half cups flour, having in it one measure Banner Baking Powder; and with the flour the whites of two eggs beaten stiff; bake in jelly cake pan. For the icing, take one cocoanut, remove the shell, pare and grate, add to it the whites of four eggs well beaten, and one quarter pound powdered sugar; mix well. Spread this on the layers of the cake when they get cold.

this on the layers of the cake when they get cold.

To banish grass and weeds from garden walks take 100 pounds of water, twenty pounds quicklime, two pounds sulphur, boil in an iron vessel, and then allow it to settle. After ands add more water and apply to the walks, or make a strong solution of salt in the proportion of two pounds to a gallon of the proportion of two pounds to a gallon of the proportion of two pounds to a gallon of the proportion of two pounds to a gallon of the proportion of two pounds of water in a wooden vessel, and water the walks with a waterific pot, or apply carbolic acid (No. fiver party) at the rate of one part of acid to 100 pattwater.

Anover Dessert—Here is a novel and pleasing way to prepare a dessert. It is especially apped for the children's birthday dinnary in those happy households where such days are kept as joyous festivals. Make a small hold in the end or side of a number of eggenciells. Through this pour out the egg. Fill the empty shells with hot pudding, made of come scarch, arrowroot, or Irish moss. When cold break off the shells; serve on small saucers, and surround the egg. shaped pudding with jelly or jam. If you wish to take so much trouble, divide the vudding in two parts, and add to one a teaspoontal of grated chacolate, and in this way colour parts of the eggs. Sugar and cream, flavours of the chacolate, and in this way colour parts of the eggs. Sugar and cream, flavours of the egg.

#### HIS OWN EXECUTOR.

A Well-known Gentleman's Philan. throphy and the Commetten Cansed by One of Elis Letters.

(Rechester Democrat and Chronicle.)

We published in our local columns pasterday morn We published in our iccas columns yearerusy morning a significant letter from a gentleban known personally or by reputation to nearly every person in the land. We have received a number of letter protesting against the use of our column or such testing against the use of our coli
"palpable frauds and misrepresentar

the land. We have received a numbe of letter protesting against the use of our column for such "palpable frauds and misrepresentations." therefore, to confirm beyond a doubt the an inequicity of the letter, and the genuineness of its describings, a reporter of this paper was commissioned to a certain all the possible facts in the matter. Accordingly he visited Elifton Springs, saw the author of the sitter, and the possible facts in the matter. Accordingly he visited Elifton Springs, saw the author of the sitter, and with the following result:

Dr. Henry Foster, the gentleman in questlon, is 63 or 64 years at age and has an extremely cordial manner. He presides as superintendent over the celebrated annianium which accommodates over 500 guests and is unquestionably the leading health resort of the country. Several years spot this tenerollent man wisely determined to itr his own executor; and therefore turned over his magnificent property worth \$300,000, as a free git to a board of trustees, representing the principal evanusificat property worth \$300,000, as a free git to a board of trustees, representing the principal evanusificat denominations. Among the trustee lare Bribayo A. C. Coxe, Processiant Apiacryal, But ale; I shoop Mathew Simpson, Philadolphia, Methicial Policopal; President M. B., Anderson o hits yielversey of Rochester; Rev. Dr. Clark, frecreatly & 1t. A. B. C. F. M., Boutor. The believe of the first thing to such a such as a such distribution and their families whose lightly has been borken in their work, and-of mine day, if any denomination, in good standalg, sid—o has the property of any church; who otherwise would be a busy to secure such case and treatment. The current expenses of the institution are not by the receipt from the hundreds of dustinguished and wealthy people who every year crowd its utmost capacity. Here or me men and women who were once in perfect health, but peglected the first symptoms of disease. The uncertain pains they left at first were overlooked untif their health become

Drawing the morning Democras and Caronicle from his pockes, the reporter remarked: "Doctor, that letter of yours has created a good deal of talk, and many of our seaders have questioned its authenticity."

"To what do you refer?" remarked the doctor.
"Have you not seen the paper?"

"Yes; but I have not had time to read it yet."
The reporter thereupon showed him the letter, which was as follows:

CLIFTON SPRINGS, N. 7., Oct. 11th 1883.

DRAR SIR,—I am using Wainer's Safe Cure, and I regard it as the best remedy for some forms of kidney disease that we have. I am watching with great care some case I am now treating with i', and I hope for favourable results.

I wish you might come down yourself, as I would like very much to talk with you about your sterling remedy and show you over our institution.

Yours truly.

[Signed]

Henry Foster, M.D.

"I do not see why amybody should be reeptical con cerning that letter," remarked the doctor.

"I an't it untitud for a physicion of your standing and influence in commend a proprietary preparation?"

"I don't kink how it may be with others, but in this in significant of a commend a proprietary preparation?"

"I don't kink how it may be with others, but in this in significant of a commend a proprietary preparation?

"I don't kink work we use anything we know to be valuable. Because I know Warne's Safe Cure is a very valuable preparation, I commend it As its power is manifested under my use, so shall I add to the completeness of my commendation."

"Have you ever analyzed it, doctor?"

"We always analyze before we try any preparation of which we do not know the constituents. But analysis, you know, only gives the elements. It does not give the all important proportions. The remark able powerned wainer's Safe Cure undoubtedly consists in the preparations. I have heard much of him as the founder of the same elements, unless they are putsed early and of the same elements, unless they are putsed early in proper proportions. The reputed high character of the man humelif give a satur
