Subscription Agents Wanted.

We want an agent at each railway and shipping center in the Dominion to secure new subscriptions to the RAILWAY AND SHIP-PING WORLD, for which we will pay liberal commissions.

The work is easy, the paper recommending itself; and is specially adapted for clerks in transportation offices. It can be done at odd times without interfering with other duties.

For terms and other particulars, address

THE RAILWAY AND SHIPPING WORLD,

Toronto.

The Transportation Commission.

Although it was officially announced that Sir Wm. Van Horne, Montreal, J. Bertram, Toronto, and H. Kennedy, Quebec, had been appointed a Royal Commission to investigate the transportation problem in Canada, it does not appear that the commissioners have accepted office, or been vested with any powers, or that they have had any consultation with the Government on the question. Sir W. Van Horne, it was announced June 23rd, had declined to act, as also had H. Kennedy. It is understood that J. Bertram has accepted, and that W. Fry, of Quebec had been appointed in place of H. Kennedy. Two secretaries were appointed by the Department. The matter was recently mentioned in the House of Commons, and the report of the committee of the Privy Council to the Governor-General, dated May 19, has since been issued as a sessional paper. The report sets out that the Minister of Public Works had been considering questions affecting the transportation of Canadian products to the

markets of the world through and by Canadian ports, with a view of placing the Canadian producer in a position to compete successfully with the producers and exporters of other countries. The question involves the consideration of a number of points, including the conditions of original shipment; the storage requirements of lake, river and ocean ports; the harbor facilities of the inland lakes, rivers, and Atlantic and Pacific ports; the conditions with regard to the navigation of the St. Lawrence river for ocean steamers, and the enlargement or improved operation of the canal system; the question of competi-tion by U.S. vessels from Lake Superior ports, and the diversion of Canadian products to Boston, Portland, New York or other U.S. ports. The commissioners named were directed to make such enquiry along the lines indicated; obtaining such evidence and information, and making such reports and recommendations as in their opinion the exigencies of the case may require.

Since the above was put in type an Ottawa despatch, dated June 23, states that Sir Wm. Van Horne has declined to act on the commission, as also has H. Kennedy of Quebec, but that J. Bertram would accept appointment. W. Few of Quebec, has been appointment. W. Fry, of Quebec, has been appointed to act in place of H. Kennedy.
