SPECIAL ANNOUNCEMENT.

The Bible Under Higher Criticism.

A Review of Current Theories
About the Old Testament.

BY THE REV. E. H. DEWART, D.D.

IN order to place this timely and instructive work, which deals with a subject of profound interest to every Christian, within easy reach of all classes of readers, it has been decided to forego the profits from the higher price, and sell what is left of the edition at **50 cents a copy**, post free. Ministers, Local Preachers, and League and Sunday-school workers should not fail to read this book and judge for themselves as to the questions discussed.

WORDS FROM PERIODICALS.

"Just what we need—a book giving an outline of the whole subject, sufficient for the requirement of the average man of earnest spirit, in a form in which he can read it, and will read it. It deserves wide circulation in our churches, where it will not fail to open many eyes and to allay many doubts."—*Presbyterian Review* (Philadelphia).

"Dr. Dewart goes straight to the mark, stating the chief conclusions of the rationalistic critics and the reasons for rejecting them, and avoiding all side issues."—*New York Homiletic Review*.

"Within the compass of 214 pages the author brings together everything essential to answer the arguments of those critics who, mainly on literary grounds, discredit the history of the Pentateuch and discard its miraculous and prophetic elements."—*The Bibliotheca Sacra*.
