Humcopathic Conversation-A few days since, when the several delegates from Upper Canada to the Church Union, were in this city, a Rev'd gentleman passing along King street, by chance espied the name of Thomas Gamble, homconpathist. It forcibly struck the Rev'd gentleman, that perchance the said Thomas Gamble, might be a cousin of his own-recently imported from Ireland. Accordingly, he essayed to make" the acquaintance, when the following conversation occurred between them :

Rev. Gent.-Once upon a time I had a cousin, of the name of Thomas Gamble.
Homcoupath.—And sure enough I am the boy, jist out from Ircland.

Rev. Gent.-And how do you get along, Tom? When 1 last saw you, you were a Methodist.

Homaopath.-I now calculate I am a Baptist, and manage to keep my family quite.well; I have eighty patients and have cured them all.

Rev. Gent.-Sure, Tom, it is just showing them the physic you are.

Humceopath.-That is all that is necessary now-a-days, for when they's really sick they don't come to me, but when they fancies themselves sick, I manages to cure them quite readily. They are the best patients; they tries to humbug me, but, I humbugs the cash out of them and that's the point you know.-Commun:cated.

## OBITUARY

At St. Eustache, on the 24th April, last, of Phthisis Pulmonalis, Severe Dorion, M. D., aged 29 years.

METEOROLOGICAI REGISTER at MONTREAL, for the Month of APRIL 1851.
