MONEY TO BE SAVED.

FROM FIFTEEN TO TWENTY-FIVE PER CENT

J. CHARLESWORTH

HAVING hitherto had a branch business in the Town of Woodstock, C. W., in addition to the one in Toronto, has determined to close up one of the two shops; and in order to clear out the

WHOLE STOCK OF

MILLINERY, STAPLE, AND FANCY DRY GOODS,

AT THE

TORONTO HOUSE,

Victoria Row, No. 60, King Street East,

6 doors West of Church Street Toronto.

Has commenced selling off The entire Stock at a Reduction that will correspond with the above assertion, that is from 15 to 25 per cent. below the usual selling prices—which has always been as low as others in the trade, if not a little lower. These inducements will not continue to be held out for a long time, and could not be given in the ordinary way of doing business. The object now is to sell out the whole Stock and not to make profit.

An inspection of the stock and prices will convince all candid persons that the Reduction is a reality. J. C. would call particular attention to his MILLINERY DEPARTMENT, which will be found very large; entirely too numerous to enumerate.

His DRY GOODS DEPARTMENT will be found replete and furnished with all that is requisite for family furnishing.

J. C. does not quote prices in his advertisements; but condemns the habit fallen into by some of our respectable tradesmen of this city of quoting prices for goods that every reasonable and candid person will at once admit to be erroneous and absurd. You are respectfully requested to call and examine the goods, enquire the Prices and be your own judge as to their value.

J. C. Would dispose of the Stock in one lot, together with his interest in the premises, and the Shop fixtures.—This Stand is a good one and the house in neat order.

REMEMBER NO. 60 KING STREET EAST, NEXT DOOR TO MR. SALT'S GOLDEN HAT.

NO SECOND PRICE.

W. A. CREW, Secretary Local Com., P. A. U. C.

Toronto, 13th August, 1852.

MR. CHARLES RAHN.

SURGEON DENTIST,

BEGS to acquaint his numerous friends, and the public generally, that he has just returned from New York, where he has been spending some time with Professor John Allen, of the College of Dental Surgeons, Cincinnati, from whom he has been acquiring a knowledge of the late great improvement in Dentistry, viz: that of uniting single teeth to each other and to the plate upon which they are set, by means of a fusible silicious cement, which is flowed in and around the base of the teeth upon the plate in such a manner, as to form a continuous artificial gum. By this method the cavities between the teeth, which are unavoidable in the old style, are completely filled up leaving no chance for secretions of any kind, and giving a perfectly natural and life-like appearance to the gum and teeth.

Specimens may be seen at his Office, on the corner of Bay and Melinda Streets. Office Hours from 9 a. m. to 6 p. m.

Terms—Cash—without exception.

This important improvement has been patented by Dr. Allen in the United States, and steps have been taken to procure Patents in England and France. Dr. A. has authorized Mr. Khan to give instructions in this beautiful art to educated gentlemen in the profession, on moderate terms.

N.B.—Mr. R. offers a friendly challenge to all the Dentists of British North America to compete with him at the approaching Provincial Exhibition, for a Gold Medal, value £12 10s. to be left to the judgment of the Professors of Toronto University, and of Trinity College.
