

dresses were strong, interesting and instructive, and the meetings were well attended, nearly every man of the college being present at every meeting.

There seems nothing better than a judicious application of cold water for the purpose of making some men realize that they must bend their individual wills to harmonize with the general will of the college. Through much tribulation Mr. Hendrie has arrived at this solution.

Through a mere accident Mr. Fraser lost his moustache. All the college agree that it looks like a bare-faced matter.

The Wycliffe sophomore philosophers have been developing their mentalities by studying picture puzzles in a children's Sunday School paper.

The Mission Society have got out their annual report. This shows the society in very prosperous condition indeed, with a large increase in moneys collected and work

THIS CUT REPRESENTS THE EXACT SIZE OF THE PEN READY FOR USE

OUR \$1.00 FOUNTAIN PEN IS A MARVEL.

IN durability, finish and appearance it is equal to the more expensive fountain pens in the market. It is made of hard vulcanized rubber. It has no shoulders and thus it is smooth and pleasant for the fingers to hold. The cap, fitting on the barrel instead of below the ink joint, does not in removal tend to loosen or tighten the ink joint, it also acts as a protection against breakages and always fits either end of the holder equally well.

It has a 14 karat gold nib—with a platinum tip and can be had in fine, medium or stub point. One of the most distinctive features of this pen is the feeder.

It is so constructed that it overcomes the trouble of overflowing or dropping ink, especially when the holder is nearly empty, and has a smooth uninterrupted flow.

We will guarantee this pen to be in perfect working order, as all pens are tested before leaving the house. Put up in a neat box with filler and directions.

Mailed to any address in Canada, post paid for
\$1.00

If, after trying this pen, you are not entirely satisfied with it, return it and we'll refund your money.
