

2. The Governments of Canada, the United Kingdom and the United States of America shall give to the pool, as and when required by the Council, 25, 25 and 50 million bushels respectively of wheat, or its equivalent in whole or part in flour, f.o.b. seaboard port in the country of origin.

3. The Governments of Argentina, Australia, Canada and the United States of America shall, as and when required by the Council, give to the pool, in addition to the contributions prescribed in paragraph 2 of this Article, a quantity of wheat or its equivalent in whole or part in flour, f.o.b. seaboard port, to be determined by them in consultation with the Council and on such basis as may be agreed among them.

4. The Council shall be responsible for the administration of the relief pool and shall, wherever possible, arrange for the distribution of relief wheat through such intergovernmental relief body as may be set up and given general responsibility for the distribution of relief. Should the Council decide to make relief wheat or flour available to any necessitous area in which the intergovernmental relief body has not the organization necessary for the distribution of such wheat or flour, the Council shall arrange with the appropriate authorities to distribute such wheat or flour in that area. Any arrangements for the distribution of relief wheat shall be such as to minimize, so far as the provision of sufficient relief permits, the reduction of the effective demand for wheat on sale.

5. The United Kingdom Government may, if so agreed by the Council after consultation with the intergovernmental relief body, contribute transportation of relief wheat or flour in lieu of part or all of its contribution under paragraph 2 of this Article.

6. Any contributing Government shall, if the Council after consultation with the intergovernmental relief body so requests, and upon such terms of replacement as may be agreed with the Council, make, pending the arrival of contributions by other Governments, advances of such wheat or flour as that Government may consider practicable to release for immediate relief.

7. Should the Council consider or be advised by the intergovernmental relief body that the quantity of relief wheat contributed under paragraphs 2, 3 and 5 of this Article appears likely to prove insufficient, the Council shall make recommendations to the contracting Governments regarding additional contributions.

8. The Council shall instruct the Executive Committee (a) to facilitate the transfer of relief wheat and flour from the national wheat-handling organizations of the contributing Governments to the intergovernmental relief body, (b) to maintain effective liaison between the national wheat-handling and shipping organizations of the contributing Governments and international shipping and transport controls, and (c) generally to consult with the intergovernmental relief body regarding all transactions relating to the relief pool.

9. Should the Council receive, at any time after the completion of the relief to which the provisions of paragraphs 1 to 8 of this Article relate, an appeal for relief wheat or flour from any Government to relieve famine in any area within the jurisdiction of that Government, the Council shall investigate the possibilities of meeting such an appeal and report to the contracting Governments its findings together with its recommendations.
