HONEST JOHN MISSILE—INQUIRY AS TO ATOMIC WARHEAD

On the orders of the day:

Hon. Paul Hellyer (Trinity): I wish to direct a question to the Associate Minister of National Defence. Can the minister advise the house whether the Honest John missiles to be obtained for the Canadian army are to be equipped with atomic warheads?

Hon. Pierre Sevigny (Associate Minister of National Defence): I believe the answer to the hon. member's question was given yesterday by the Minister of National Defence.

Mr. Hellyer: With deference, I do not think the question was answered yesterday, and I wonder if the associate minister will be good enough to answer it.

[Later:]

Mr. Hellyer: I have now had a chance to check yesterday's *Hansard*, and since no reference was made to the question previously raised—

Mr. Speaker: Is the hon. member rising to ask a question?

Mr. Hellyer: Yes, Mr. Speaker. In view of the lack of indication yesterday—

Some hon. Members: Question.

Mr. Speaker: Order. The hon. member should be given an opportunity to ask his question.

Mr. Hellyer: Would the Associate Minister of National Defence now advise the house whether or not the Honest John missiles will be equipped with atomic warheads?

Mr. Sevigny: The same answer, Mr. Speaker.

Hon. L. B. Pearson (Leader of the Opposition): Is the minister not aware that this question was not asked yesterday, so how could it have been answered?

An hon. Member: It was dealt with.

Mr. Hellyer: Perhaps the associate minister would take the question as notice and advise the house tomorrow.

Mr. Sevigny: There was a comment made yesterday by the Minister of National Defence concerning this missile. If the hon. member

Mr. D. M. Fisher (Port Arthur): I should like to ask the Minister of National Revenue when the capital budget of the Canadian Broadcasting Corporation tabled yesterday will become generally available to members.

Hon. George C. Nowlan (Minister of National Revenue): It will be distributed in accordance with the usual practice.

Hon. J. W. Pickersgill (Bonavista-Twillington): A supplementary question. Can the minister now throw any light on the intentions of the C.B.C. with respect to the Flin Flon area?

Mr. Nowlan: Not at this time, other than to say that the matter is under review and consideration, and that action will be taken at the proper time.

Mr. Pickersgill: Is there any such provision in the capital budget?

Mr. Nowlan: The capital budget has now been tabled.

REQUEST FOR TELEVISION COVERAGE OF U.S. BASEBALL GAMES

On the orders of the day:

Mr. Robert Muir (Cape Breton North and Victoria): While we are on the subject of the C.B.C. I have a question for the minister who reports to parliament for that organization. Has the hon. gentleman received from any person, persons or organizations in my constituency a telegram or other communication requesting that consideration should be given to the televising of American baseball games? If so, would he care to comment?

Hon. George C. Nowlan (Minister of National Revenue): I have received many communications from various organizations, labour unions and so on with respect to this matter. I also have one which I can exhibit to the hon. member at this moment. I think most of his constituents, or at least a substantial number, have joined in sending this telegram.

This matter is receiving the attention of the C.B.C., as are all problems which are
