Dear Sir Arthur,

I enclose you copy of part
of a letter received from my old friend, Col-
onel E. M. Jones, the Headmaster of St. Albans
School, Herts., England. This explains itself.

I would greatly appreciate any
expression of your views on this matter, in a
form which I might pass on to Jones.

With kind regards, I am,

Yours very truly,

PEN/C
Enc.

P. S. - I was at Stanstead a couple of days ago,
and finally inspected the granite for the com-
memorative blocks for the battlefields sites.
They will be shipped this month.
