

ALL PARTIES AWAKENED AND AROUSED

But the public conscience has been awakened, and men of all parties, without distinction of party, are aroused and alarmed, and the practical issue is between the Roman Catholic hierarchy and the Protestants of all shades in the Province. A victory for the Mowat administration at the polls means the firm establishment of this **Roman Catholic usurpation**—a Catholic and Popish domination!

Its overthrow means that while the Protestant majority of the fair Province of Ontario are willing to admit their Roman Catholic fellow-citizens to **every right** which they themselves enjoy, they are determined that for no man or party, and for no consideration and under no circumstances, will they surrender their own liberties or allow the truths of Protestantism revealed in God's Holy Book itself to be discredited or dishonored. Such being the issue on the 28th of December, the result cannot be doubtful.
