

ADVERTISEMENT.

To such of their Subscribers who may not have seen their Notice in the Jewish press, the Editors deem it proper hereto explain, that on the 2nd Tamooz, (8th July.) 5613, there appeared simultaneously in the New York "Asmonean," two advertisements; one from J. J. LYONS, announcing "AN AMERICAN JEWISH CALENDAR FOR FIFTY YEARS, WITH TABLES FOR ITS CONTINUATION FOR ONE HUNDRED YEARS MORE, together with other useful and interesting information &c.;" and another from ABRAHAM DE SOLA, announcing "A JEWISH CALENDAR," also for Fifty Years, with the addition of "various important Tables, and AN INTRODUCTORY ESSAY ON THE JEWISH CALENDAR SYSTEM." So soon, however, as their intentions became known, by means of these advertisements, to the Editors, it was considered desirable by them and by some respected friends, to unite in *one publication* the best features of both works. This was accordingly done, and an announcement to that effect appeared in the "Asmonean" of 9th Tamooz, (15th July.) The Editors have now only to express again their hope, that the claims of their work to the support of the Jewish public, may be found not the less enhanced by this combination; and that the increased care and attention which they have been enabled thereby to bestow in the preparation of their present JEWISH CALENDAR, may render it as generally useful and acceptable as possible.
