Methodized in the Nature of real Business. 2d Edit. enlarged. Pr. bound 2s. 6d.
By JOHN COOKE, Accountant.

Dr. MORLAND'S UNIVERSAL FAMILY PILLS,

Which operate, as a Purge in all Constitutions, without occasioning either Sickness or Grievance, Price 1s. 6d. the Box, with the usual Allowance to Shop-keepers to sell again.

THIS Medicine is now first offered to the Public, and to the candid trial of Medical Practitioners. One remarkable property, which distinguishes this Medicine from, perhaps, all others known, is, that it has been experienced, in some thousand instances, to operate, as a Purge, with equal safety, ease, and efficacy, in all constitutions; even the most delicate. It has been found equally efficacious in the prevention, as well as cure, of these chronic diseases, and nervous complaints, particularly mentioned in the Directions.

In occasional or habitual costiveness, these Pills are an effectual remedy; and have this advantage above other purgatives, That when the complaint is once removed, it is not so apt to return again. Hence the singular benefit accruing from their use, to British constitutions especially, in hot climates, and in long sea voyages.

In the intention of a Family Purge, they will prove universally salutary and beneficial, by cleansing the stomach and bowels from those viscid, or slimy, and vitiated bilious humours that are so frequently collected in them, constituting the source of various diseases, as well chronic as acute, to which people of every rank are liable; but the delicate, the studious, and the sedentary, more particularly so.

The Author, who is known to have a reputation to stake, pledges it to the Public, on the singularly mild, pleasing, and successful operation of this Medicine.

In the Press, and speedily will be Published,

I.
