latter in the Hearst circle, Brigadier-General Ross and Dr. Preston. The expense of the Drury cabinet will be increased by \$12,000 per annum by reason of the two additional ministers. While there will only be one minister without portfolio in the new regime, little will be saved in this respect. No salary is attached to these cabinet positions, traveling expenses when attending cabinet councils only being allowed. There is, however, some take of discontinuing the ministers' sessional allowance, thus putting them on a straight salary.

Some comment is being made on the fact that Toronto will now be without representation in the cabinet, this, of course, being in marked contrast to the representation in the cabinet, this, of course, being in marked contrast to the dying administration in which two Queen City members figure, Dr. Cody and W. D. McPherson. Toronto, not being quite a rural constituency, and not having returned a Farmer or Labor member, must needs put up with the inevitable.

BEEKEEPERS CONVENE

Value of Perfect Pollination to Fruit Bearers Emphasized by Speakers.

The importance of the beekeeping industry thruout the province was voiced by several speakers at the 39th annual convention of the Ontario Beekeepers' Association at the Carls-Rite Hotel yesterday. Many ladies were included in the crowded audience, and President James Armstrong occupied the chair. In his opening address President Armstrong outlined the objects of the association. He emphasized the utmost importance of the industry to the province, both from a production point of view and in the pollination of fruit and vegetables. He stated that the association materially aided beekeepers, especially in the controlling of good broods and better beekeeping. Prof. Howitt, O.A.C., and Wm. Agar, dealt with the growth of the industry in Ontario, pointing out the exdustry in Ontario, pointing out the excellent facilities afforded in various points of the province.

## **HONOR** BANNER COMPETITION

"One of the most interesting features in connection with the Victory Loan is the campaign among employees of establishments throughout the Province. A Prince of Wales Honor Banner is awarded to each concern reaching its objective, which is based on two conditions, viz., that 75% of the employees subscribe and that they subscribe for an amount equal to 10% of the pay roll. Also crests are awarded to concerns exceeding their objectives. The following is a list of establishments in Ontario, excluding Toronto, that have already won the Banner."
