#### A FINE FLATTERER OF THE PUL-PIT.

The Globe tells the public that the present moment is the theological op- Britain practical unanimity in favor of he does. portunity in Toronto. It says the real portunity in Toronto. It says the real leadership of the people is not in the hands of the professional politicians, who are the creatures,not the creators, of public opinion. The real leadership, Toronto is told, is with the press, the public the school and a score of other

who are the creatures, not the creators, of public opinion. The real leadership, Torontō is told. is with the press, the pulpit, the school and a score of other organizations, but among them there is not one with a lager chance or a more direct responsibility than the pulpit, when it is manned by "trained intelligence, courteous courage and lofty passion." Recalling the editorial source of this the conclusion is inevitable that what-tever the place and power of the pulpit may be, the Presbyterian end of it at question could be raised in the leadership at a critical hour. No more import-ant question could be raised in the leadership at a critical hour. No more import-ant question could be raised in the leadership at a critical hour. No more import-ant question could be raised in Cana-dian politics than that of complete pro-vincial autonomy. It was a cause dian politics than that of complete pro-vincial autonomy. It was a cause he gives the assurance that he is not which less than ten years ago stirred the Liberal party to its centre and com-municipal enterprises on principle. His the Liberal party to its centre and com-manded the enthusiastic support of the Protestant churches—of none more than the Presbyterian—whose founders had striven so well and nobly for civil and religious freedom. No better opportunity could have been afforded for the display of the trained inteili-gence, the courteous courage and the

and, why, then, should the city admit its impotency in the face of a situa-tion which calls for something to be done to meet the demand for more ment commission on electric power detion which can's for something to be done to meet the demand for more cars? The laying down of car lines to relieve the over-crowding of the pre-sent routes, following the continued re-fusal of the company to carry out its arrangement with the city, would bring ests in cheap electric power? The in-formation that London is the objective formation that London is the objective the railway company to a realization of the fact that a compact entered into in good faith is binding. Let the city lay down the required tracks, and if the railway company feels itself aggrieved with London and points east of there the onus will be upon it to test the legality of the city's action in the courts

what Toronto wants more than any-thing else is not more law or inter-pretations of the existing agreements, but municipal representatives who will but municipal representatives who will those grapple with the question, not in tors.

TOO MANY FALL FAIRS.
