

Gravel, Stone, and Other Urinary Difficulties.

When the body is in a healthy state, the various salts of the body are carried off by the water passages; but when there is a weakness in the urinary organs these particles do not pass off, but lodge in the bladder, kidneys and urethra, and keep growing in size by continued fresh adhesions until they sometimes form substances varying in size from that of a bean or pea to that of an egg.

Persons with gravel frequently pass some portions of it in their urine, but the main part of the sandy substance remains, and gives rise to inflammation, pain, heat and intense suffering in making water. The accumulation of sand covers up the water passage, and the urine cannot find an outlet, and the most intense misery follows. When the bladder is full, it must be emptied; but frequently the gravelly substance so clogs up the mouth of the water passage that an instrument has to be used to push back the gravel and let the water off.

Language fails to describe the agonies of persons afflicted with stone and gravel.

Pain in the small of the back, hips and thighs; heat and inflammation; desire to make water, but cannot do so; and burning, smarting, indescribable agonies which render life a burden and death courted. Sometimes the particles of gravel are so sharp and cutting that they tear the sides of the urinary passages, and then blood will come in quantities from the urinary passages. Sometimes the bladder and kidneys are filled with slime and cannot perform their duty. The water should always be kept free and open. When there is the least disposition to an accumulation of gravel it should be immediately dissolved and made to pass off by its proper channel. Mother Seigel's Syrup, or Shaker Extract of Roots, cleanses the kidneys and bladder and water passages from slime, gives strength

to the organs requiring sufficient power and endurance to perform all the labors required of them in carrying off the water portions of the food, after all the nourishment it contained has entered into the blood, and gone to repair the daily wear of the system.

The Best Family Medicines to have in the House.

Warsaw, Benton Co., Mo., May 6, 1887.

Dr. A. J. WHITE.

Dear Sir:—I wish to state now that I believe Mother Seigel's Curative Syrup and Pills are the best medicines manufactured, because they sell on the merit. They are the best medicines that we ever used in our family. Our customers say the same, and family should be without them. The last box is sold. I send order for another.

Very respectfully, etc.,

W. B. DAWSON,
Gen'l Storekeeper

Is it a Mystery Any Longer? Why it Sells.

Warrenton, Farquier Co., Va., Oct. 28, 1887.

DEAR SIR:—Your medicine has obtained a reputation here that will never die. I have sought out the most intricate and chronic cases given up by physicians, and have most of them cured on the rapid road to recovery. Paralysis, Rheumatism, Dyspepsia, Sick Headache, Kidney Disease and many diseases which females are subject to, rapidly yield to the healing qualities of Mother Seigel's Curative Syrup. I consider it the most wonderful medical discovery of the age. It has restored the sight to an old man that was almost blind. I gave him the remedy for Rheumatism from which he had suffered for 20 years, and was crippled with it. It is now a treat to see him walk about, with great joy on his countenance, thank God for sending him such a great remedy.

Yours very respectfully,

AMANDA R. HALLEY

To A. J. WHITE, New York.

DISEASES OF THE SKIN.

All diseases of the skin are blood diseases, for when the blood is pure the skin must be free from all unhealthy eruptions, and, as we have stated, all impurity of the blood caused by Indigestion, Pimples on the face or body, erysipelas, salt rheum, ulcers, sores, boils, carbuncles, and every disease which shows itself upon the surface of the skin, are caused by bad blood. Scabs, itching of the hair, sore eyes, running from the ears, etc., are caused by vile humors in the blood, which can be speedily exterminated by Mother Seigel's Syrup, or Shaker Extract of Roots.

The skin of Old Mother Seigel was most getting velously white and pure and smooth his breast.

[Continued on page 22.]

The Shakers have sent to London alone, over 25,000,000 bottles.
