A Noteworthy Engagement.

Perhaps the most noteworthy enpagement of the season at the Toronto Opera House is that of the appearance this week of Frederick Hallen and Molly Fuller's First Prize Ideals, an organization which is essentially an all-star one including, as it does, such artists as Fred Hallen and Molly Fuller, Will T. Carleton, Gus Williams, Mabel Palge and Georgie Howard, Hyberta Pryme, Halliday and Ward, Jerry Hart and Beatrice Leo. Seldom, if ever, have so many stars of the vaudeville world appeared at the same performance in Toronto, and the indications are that the semarkable engagement played here last season by Lavisian and the indications are that the semarkable engaged ment played here last season by Lavisian and the indications are that the semarkable engaged ment played here last season by Lavisian and the indications are that the semarkable engaged ment played here last season by Lavisian and the ladications are that the semarkable engaged ment played here last season by Lavisian and the ladications are that the semarkable engaged ment played here last season by Lavisian and the ladications are that the semarkable engaged ment played here last season by Lavisian and the ladications are that the semarkable engaged ment played here last season by Lavisian and the ladications are that the semarkable engaged ment played here last season by Lavisian and the ladications are that the semarkable engaged ment played here last season by Lavisian and the ladications are that the semarkable engaged ment played here last season by Lavisian and the ladications are that the semarkable engaged ment played here last season by Lavisian and the ladications are that the semarkable engaged ment played here last season by Lavisian and sould be the dramatic engaged will be distributed the double the dramatic engagents in the double the dramatic engagents in in Toronto, and the indications are that the memarkable engagement played here last season by La Lole Fuller and her associates, is likely to be totally and completely eclipsed. The flowers were ordered, it is alleged, by the then Conservative Cabinet, and Mr. Justice Oulmet, who was then Minister of Public Works, was the only one who paid his share, being credited with paying \$75. Further particulars alleged in the writ are that officers of the Department of Public Works were instructed to order this floral tribute, with the inscription, "A tribute of affection from his devoted colleagues," with the names of the defendants' engrossed thereon. The Smith and Rice comedy company began their tour at the Empire Theatre, Detroit, last Monday evening in their latest comedy, "The Old Coat," and that it pleased those present was strongly evidenced. Enthusiasm and approbation took all possible shapes, from generous applause to many curcain calls for the whole company. "The Old Coat" will be presented to-night at the Grand, and from present indications a prosperous engagement will be the result.
