the establishment of "C" Battery will be complete.

Since recruiting ceased upwards of 50 volunteers have applied at the Battery for enlistment in the second contingent.

The members of the Kingston Bicycle Club gave their fellow-member, Capt. Van Luven, a royal send-off when he left last night for Montreal to join the cavalry corps for South Africa. He was presented by the club with a life insurance policy for \$1000 payable to his wife.

It is expected that the sum raised for distribution amongst the Kingston contingent will amount to at least \$1500.

Dr. Rawlinson, a Toronto member of "C" Battery, was kicked by a horse to-day and had his mouth badly injured. He was removed to the General Hospital.

Mr. Blyth is a graduate of McGill University, Blyth is a graduate of McGill University, Montreal, and, until the time of enlisting, was taking the theological course in the Canada Congregational College of the same city. He applied to go to South Africa with "E" Battery and was accepted, and possed his medical examination last Friday. He returned to Belwood Saturday to bid farewell to his family. On Sunday morning he preached in the Presbyterian Church for Rev. P. J. McLaren, and in the evening for Rev. C. E. Bolton of the Congregational Church. The latter church was rowded to the doors. All the ministers of the village were present, and spoke in glowing terms of the departure of the young man. At the close of the service the congregation joined in singing "God Be With You Till We Meet Again" and "God Save the Queen." A large crowd gathered at the station Monday evening to say good-bye to their young hero. As the train rolled out all sang the National Anthem. It was a fitting farewell to Mr. Blyth.

Concluding Points.

In his concluding arguments he said that taxes should be so levied as to interfere least with the production of the funds out of which they are taken. POISONED BY MISTAKE. Mrs. John A. Coppin of Mitchell Had a Very Narrow Escape With

Her Life,

Stratford, Jan. S.—Through the Inadvertence or carclessness of her nurse, Mrs. John A. Coppin of Mitchell nearly lost her life last night. For some sime past she has been suffering from inflammation and other diseases. Last night the nurse went to give her the medicine as usual, but, instead of taking the medicine bottle, she took the liniment bottle. Without noticing the mistake she had made, she poured out a dose of liniment for the sick lady and gave it to her. The screams of the patient, after the medicine had been taken drew attention to the terrible mistake.

Mrs. Coppin's physician, Dr. Smith, was immediately sent for, when it was at one seen that her life was in danger. After working with her for some time he was able to remedy the effect of the mistake and late last night she was pronounced out of danger. The mistake was pirely accidental.
