ATHLETES DEMANDED EXPENSES

About Distinguished Americans Who Took a Trip to England.

New York, Dec. 11.—James E. Sullivan, secretary of the A.A.U., has just received from C. Herbert, the Secretary of the Amateur Athletic Association of Great Britain, letters intimating that certain American athletes who visited England last summer had demanded and received their expenses. This act would make all offenders professionals, and the correspondence is likely to start a highly important inquiry. Secretary Herbert's letter is as follows: "It is a matter of common knowledge over here that some of the few Americans who came here for the Paris games last year and also this year, and who obtained expenses for competing at some of our athletic meetings. This is in your case, contrary to our laws. We were those men after last year, on their own, as we say, or in any way under the control of their colleges or clubs? Also, this year, were Kneeland, Jolly, Tewksbury sent by their clubs, or were they simply on their own account, and were they controlling power on your side of the water? I have been asked by a division of our association, the Northern, to ask you this."

The reply of Mr. Sullivan is as follows: "The athletes team that visited Paris for the Olympic games in 1900 were sent by their colleges or clubs, and at the expense of same."

In answer to the athletes who visited England this year, I believe that some of them went on their own responsibility, viz., Long, Baxter, Tewksbury and Kneeland. Manager Thompson of Georgetown University informed me that he had sent them on his expenses paid by Georgetown University, and represented that they were sent by him. From my investigation and personal knowledge, I would state that the athletes who took part in the Paris games of 1900 were furnished in Paris with their transportation home by their colleges. Of course, this gave them the right to remain abroad as long as they wanted to, and at their own expense."

PLAYED ASSOCIATION FOOTBALL.

Junior Artisan Band Varsity Seniors 4-0 for Faculty Cup.

The association football match for the Faculty Cup, played on Varsity campus yesterday between the senior and junior art teams, was won by the seniors by a 4-0, the half-time score being 2-0.

The game was a first-class exhibition of Association, and was witnessed by a fair-sized crowd of students. The score by no means indicates the play, as the seniors put up a great argument, but the junior forwards were better at shooting. The teams:

Juniors (4)—Goal: Gaber; backs, Nichols, McElroy; halves, Kins, Digns, Reid; forwards, DeLury, Alon, McQueen, Brown, Bowles.

Seniors (4)—Goal: Sobie; backs, McHugh, Robinson; halves, Martin, McWhorter; forwards, Foran, Peterson, Stacey, Bramp, Broder, Hamilton.

School Junior Football.

The following teams were entered in Section A of the Public School Junior Football League, 1901: Victoria, John, Rose, McCall and Duke. The section consisted of about 15 matches, and lasted about two weeks longer than the other two sections. There were 10 matches played, and the seniors defeated Victoria and John, and the juniors defeated Rose and Duke. The seniors defeated Victoria and John, and the juniors defeated Rose and Duke. The seniors defeated Victoria and John, and the juniors defeated Rose and Duke.

Brookline Magnates Meet

Confusion Reigns Supreme at Annual Meeting of National League.

MANY SCHEMES ARE IN THE AIR

Brush's Radical Motion Defeated

—John Grim Appointed Manager.

New York, Dec. 11.—Syndicate baseball was proposed to the National League members yesterday, and not all were in favor of the plan. The proposition embraced suggestion for a trust company, to be capitalized, say, at \$2,000,000, and to control the eight clubs of the organization. Players under this method would be apportioned by a Board of Directors in suitable manner. It might be deemed best for the general circuit.

Some of the prominent club owners were outspoken at once in opposition. Among them was Barney Dreyfus, owner of the Pittsburgh Club, who believed that individual effort is the only manner to bring forth the best results that is so essential to the sport.

The subject was discussed both in the league session and out of it, and failed to bring forth a unanimous decision. Those who brought forth a unanimous decision that it might be successful.

Undoubtedly the fate of the National League of Professional Baseball Clubs, which has controlled the national game for a very long time, will be decided in a very late hour last night the meeting held the stormiest session on record in the history of the league.

A deadlock sent them weary to bed. It was not until about 1 o'clock that the Cincinnati Club had evolved a plan by which the major league could be placed in the hands of a few, and that all players would be bound to the league.

Over 500 club that the Board of Directors or some such body might designate. It was some time before the league could be furthered. On Feb. 3, 1901, Brush, in a letter to the members of the league, outlined his plan in the rough, which since that time has been the subject of much discussion.

Before the magnates, thereby precipitating the hottest kind of a fight.

The scheme contemplates the organization of the National League Baseball Trust, to be divided into preferred and common stock, the preferred stock to be divided into 7 shares, and the common stock into 10 shares.

New York to receive about 30 per cent, Cincinnati to receive about 12 per cent, St. Louis to receive about 12 per cent, Boston to receive about 12 per cent, Philadelphia to receive about 10 per cent, Pittsburgh to receive about 8 per cent.

The management of the company to be placed for a term of years into the hands of a president and treasurer, to be chosen by the stockholders and designated as a Board of Regents. From this Board of Managers the president and treasurer are to be chosen, the secretary need not necessarily be a member of the board.

The salary of the president must not exceed \$12,000. As the eight clubs will lose their identity by being merged into and become part of the National League Trust, the different clubs will be under the direction of the association, the Northern, to ask you this."

From my investigation and personal knowledge, I would state that the athletes who took part in the Paris games of 1900 were furnished in Paris with their transportation home by their colleges. Of course, this gave them the right to remain abroad as long as they wanted to, and at their own expense."

The reply of Mr. Sullivan is as follows: "The athletes team that visited Paris for the Olympic games in 1900 were sent by their colleges or clubs, and at the expense of same."

In answer to the athletes who visited England this year, I believe that some of them went on their own responsibility, viz., Long, Baxter, Tewksbury and Kneeland. Manager Thompson of Georgetown University informed me that he had sent them on his expenses paid by Georgetown University, and represented that they were sent by him. From my investigation and personal knowledge, I would state that the athletes who took part in the Paris games of 1900 were furnished in Paris with their transportation home by their colleges. Of course, this gave them the right to remain abroad as long as they wanted to, and at their own expense."
