It has been made possible by our policy of close and quick selling of Canadian Furniture in war time, to keep workmen busy.

These LEFT-OVERS from more than a MILLION DOLLARS of furniture business we can afford to sell for a FRACTION OF THEIR ORIGINAL COST.

The articles include those that have served our purpose as samples.

Also single pieces taken out of sets to oblige customers.

There are fifty or more pieces imported from the United States for Canadian factories to copy.

Nearly all these articles are slightly shopworn or imperfect. The damage you'd hardly notice unless we pointed it out, but it cuts the price in half.

Coming right in the beginning of the spring re-furnishing season, and with the re-opening of our Home Lovers' Club, everybody has a chance to participate.

Don't Miss It

Read the list carefully, and you'll probably find at less than half price the very article you want and have been waiting for.
