

MOTHER GRAVES' WORM EXTERMINATOR

GOOD FOR YOUNG AND OLD.

THE mere mention of Worms makes one feel uncomfortable but their presence in the human system is so common that the evil must be faced, and however disagreeable the task may be the loathsome pest must be painted in its true colors, so that those who are sufferers may be made aware of their danger. Worms are of many kinds, but it is not necessary to catalogue them here. Some of them are harmless intestinal parasites, while others are more or less dangerous and sometimes prove fatal. Especially are Worms troublesome in the case of children as most mothers know; they cause in more malignant cases, intestinal derangements, vomiting, nervous excitability and convulsions.

It is fitting that the discovery of a remedy for worms should rest with a woman, and that woman a mother, because next to the children themselves the mothers are the great sufferers, it being an extreme source of anguish to them to see their little ones in trouble and pain. The universally recognized remedy for worms is **Mother Graves' Worm Exterminator** the cheapest and by long odds the best cure that has ever been offered to the public. Although a comparatively recent discovery the **Exterminator** has rushed into the front rank with leaps and bounds and today it heads the procession; other so-called cures are nowhere. This medicine is in the form of a syrup, that being considered the best shape in which to administer it to children; and it is not disagreeable to the taste, but on the contrary, being very pleasant.

Mother Graves' Worm Exterminator does not require to be supplemented or assisted by any other medicine in order to effect a complete cure; it is sufficient in itself, and does its work speedily and effectively.

Whenever the well-known symptoms appear in your child—indigestion, irregular appetite, moaning and restlessness during sleep, grinding of the teeth, etc.—lose no time in getting a bottle of **Mother Graves' Worm Exterminator**.

ADVICE TO MOTHERS—MRS. A. SMITH, Windsor, N.S., writes:—"Mother Graves' Worm Exterminator is all you recommend it to be. My little girl suffered for weeks until we thought the trouble might be worms, when we got a bottle of the **Worm Exterminator** and gave it to her. After taking one dose we could see a change and in less than a week my child was restored to health. I can faithfully recommend it to all mother's whose children are suffering from trouble arising from Worms."

MARVELLOUS RESULTS—MR. BENJAMIN MCKENZIE, Kimberley, writes as follows:—"About three months ago, our child, 18 months old, was taken ill, followed by a fit. Suspecting that Worms were the cause, we got a bottle of **Mother Graves' Worm Exterminator**, and we had only given a few doses when the result was marvellous; an extraordinary number of large Worms having been expelled."

HE CRIED FOR IT—MRS. M. LALONDE, Camerontown, writes:—"My little boy, two and a-half years old, was troubled with Worms. I gave him **Mother Graves' Worm Exterminator**, and it expelled 36 Worms. He is now in excellent health. We had to keep the medicine where he could not get it, as it is so pleasant that he always cried for more."

A HEALTHY CHILD NOW—MADAME HELDEGE MARIAN, St. Roch L'Achigan, P.Q., writes:—"I had a child troubled with Worms. My neighbors thought she would die; tried two doctors and all known remedies without getting relief. Mrs. Joseph Laurier recommended me to try **Mother Graves' Worm Exterminator**. I got a bottle, and after the first dose noticed an improvement, and before one bottle was used my child was well, and is now strong and healthy."

Price, 25 cents.
