

THE EVENING TIMES, ST. JOHN, N. B., MONDAY, JANUARY 29, 1906.

NEW CAPTAIN AT THE WHEEL

Leader Estabrooks assumed command of the ferry steamer Otago on Saturday in place of Captain Nye, in compliance with the resolution passed by the common council on Friday. Allan Lambert, who was formerly deckhand, but who has made papers, is acting mate and A. Howard is filling in temporarily in Mr. Lambert's old place. Owing to there being occasions when

the mate may be called upon to take command, it is understood that the vacant position will be eventually filled by a holder of a captain's certificate. The repairs to the Ludlow are reported to be completed and it is probable she will be placed on the route today.

Kewatin, Ont., Jan. 28.—(Special)—Three men were killed and four others mortally wounded by an explosion of dynamite Saturday on the Peaseon contract for double tracking the C. P. R. at Oatstead (Ont.). The charge had been put in which failed to explode at the proper time. The men had just returned when it went off.

CHARLES NEVINS, JR., LOSES AN EYE; STRUCK BY A SKATE

Thirteen Year Old Son of Charles T. Nevins, of Canadian Drug Co., Met With Sad Accident on Saturday while Skating at Rothesay—The Injured Eye Removed.

His left eye, because the point of a playfellow's skate had accidentally entered it, Charles Nevins, only son of Chas. T. Nevins, manager of the Canadian Drug Company, walked a quarter of a mile to a physician's office on Saturday afternoon last to have the injury treated.

It was at once seen that there was only one thing that could be done. This was the entire removal of the eye, and the operation was performed early in the evening, with success. Throughout yesterday the little patient was up and about his father's residence, No. 30 Queen street, quite willing to converse, bearing his affliction with genuine fortitude and fully confident of an early recovery.

The lad is thirteen years of age, and attends the Rothesay Collegiate School. Early Saturday afternoon, in company with half a dozen or so schoolmates, he went skating on the river, and part of the time was devoted to chasing one another about the ice and in other ways indulging in typical boys' sport.

Mr. Nevins said the boy was playing with another lad named Arthur Goodwin. One was evidently endeavoring to overcome the other, and Charles, being on his knees, seized his companion's ankle and was trying to pull him down when the skate was driven into young Nevins' eye, the rapidity with which he had slid for-

ward forcing the steel point in almost as far as it could go.

Despite the excruciating agony he must have been suffering, the boy made but little outcry, and started off with his chums for Dr. W. B. McVeigh's office, skidding into the above, where his skates were removed. Then followed an exhausting tramp of a quarter of a mile to the doctor's office, where an examination revealed the fact that the eye would have to be removed.

While awaiting the transfer to the city the lad was made as comfortable as the circumstances would permit. Mr. Nevins was early notified, also his daughter, who has been in training as a nurse, and both were present in the office of Dr. O. J. McVeigh, No. 105 German street, where the operation was performed about 6.30 o'clock by Dr. McVeigh, assisted by Dr. McVeigh and Miss Nevins.

If the boy showed remarkable pluck and endurance at the time of the accident, he revealed even greater courage as the hour for the operation drew near. When informed by the surgeons that he must face the prospect of going through life with only one eye, he did not shrink nor weaken, but said, with all the cheerfulness that he could summon, that if the operation had to be he would certainly go to the operating table and be content with the result.

There were many inquiries yesterday, for the unfortunate boy has numerous friends in the city and elsewhere. To one and all he intimated that while the accident was unquestionably a bad one, yet it might have been worse. It is believed that the other eye is in no way affected.

"FIGHTING JOE" WHEELER RESTS WRAPPED IN FLAG

Distinguished American Soldier Had Imposing Military Funerals Yesterday—Buried in National Cemetery at Washington.

New York, Jan. 28.—An imposing military funeral was held at the Brooklyn bridge and thence to St. Thomas Episcopal church in Fifth avenue where brief services were held, and an escort across the North River to Jersey City, where the body was placed on a train to be taken to Washington for interment in the national cemetery at Arlington, marked the funeral in this city today of Brigadier General Joseph Wheeler, cavalry leader of the confederacy and later one of the most prominent figures of the Spanish-American war. The body of the dead soldier was wrapped in the flag under which he had served with almost equal distinction—the stars and bars, and the stars and stripes.

Veterans of the southern and northern armies mingled today with the younger veterans of the Cuban and Philippine campaigns of 1898 and 1899 in paying tribute to General Wheeler. The route of the cortege was lined with great crowds of whom stood with bare heads as the solemn procession to the last of the departed passed. The funeral march, passed by.

The march began at the home of General Wheeler's sister, Mrs. Sterling Smith, on Columbia Heights, Brooklyn, where the general died on Thursday after a long attack of pneumonia. The body was borne from the house by eight non-commissioned officers of infantry, and placed

upon a flag-draped artillery caisson. Squadron C, Brooklyn's crack cavalry organization, and a detail of the second battery of artillery were in waiting. The relative of the dead soldier entered caissons. The procession moved shortly after 1 o'clock, proceeding across the Brooklyn bridge. On the Manhattan side the 7th regiment, N. Y. N. G., in full dress uniform, was drawn up to receive the funeral party. The 1st regiment, commanded by Col. W. G. Bates, served under General Wheeler in Cuba, and was given the post of honor in today's escort. Infantry from Governor's Island, headquarters of the department of the east, U. S. army, joined the procession on the side of the river. From Brooklyn bridge the line of march lay across town to Washington.

The caisson was draped with the stars and stripes and a cavalry sword dangling from the middle was led just behind the caisson.

The church was thronged. The brief services were conducted by Rev. Ernest Brown, rector of church, assisted by Rev. Dr. Morgan Dix, who, meeting the body at the door, led the way to the church followed by the church vestry. Following these came the honorary pallbearers.

After the caisson had been placed on the pediment the full vested choir of St. Thomas entered the church singing as a prelude to a hymn "Lead Kindly Light."

Don't Neglect a Cough or Cold

IT CAN HAVE BUT ONE RESULT. IT LEAVES THE THROAT OR LUNGS, OR BOTH, AFFECTED.

DR. WOOD'S NORWAY PINE SYRUP IS THE MEDICINE YOU NEED.

It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Throat and Lungs.

A single dose of Dr. Wood's Norway Pine Syrup will stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will proclaim its great virtue by promptly effecting a cure of the chest, and a permanent use of the remedy cannot fail to bring about a complete cure.

Do not be humbugged into buying so-called Norway Pine Syrup, but be sure and insist on having Dr. Wood's. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cts.

Mrs. Henry Seabrook, Hephworth, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup in our family for the past three years and I consider it the best remedy known for the cure of colds. It has cured all my children and myself."

DOMINION SAILS ON SEALED ORDERS

Hallifax, N. S., Jan. 28.—(Special)—The big battleship Dominion, which brought the body of the late minister of Marine here from France, sailed from here Saturday afternoon "under sealed orders." It was rumored that she was being hurried to Venezuela to protect British interests there, but this was denied by the admiralty office at London.

It is known, however, that before leaving she procured a bill of health from the collector of customs, which would not be necessary, were she bound home direct. Another rumor and which is doubtless correct, is that she will call first at Bermuda, where fuel oil can be secured and which she could not secure here and will there receive final orders, which may mean Venezuela or may be to proceed home.

When the big ship left the dockyard she was given quite a send off by the large crowd assembled there. The band of the Canadian Regiment was present and played "Auld Lang Syne," as the ship moved away while the Dominion's band stationed on the after deck played the "Maple Leaf" and after "Rocked in the Cradle of the Deceit."

PARISIAN HAS A BIG T. JOHN CARGO

Hallifax, N. S., Jan. 28.—(Special)—The Allan liner Parisian from Liverpool, with the mails and passengers, arrived at 4 o'clock Saturday afternoon, after a fair winter passage. She brought 18 saloon, 88 second cabin and 277 steerage.

The passenger's daily runs from Montreal were: 207, 311, 335, 312, 243, 280, 338 and 338. She had 150 tons of cargo to land here and has 1,150 to discharge at St. John for which port she left at an early hour this morning.
