PASSED A BIG ICEBERG

Steamship Matteswan which arrived in port last night had a fine passage from London via Port Talbot. On the 19th, May in lat. 43.50 N., lon 48.33 W. passed a very large iceberg, 300 or 400 feet long and 150 feet high. The steamer is consigned to J. H. Scammell & Co and will load a cargo of deals for the west coast of England. This is probably the same large berg that was passed by the Manchester Corporation, Captain Heath, on May 11th when off N. of Banks, which passed an iceberg 150 feet high, more than 200 feet long; also on May 12 while steaming along slowly in lat. 43.08 N., and along 48.40 W. the ship passed within 300 feet of an iceberg.

FOOLED THE POLICEMAN

How Ernest Wilson Gave Officer Marshall the Joyous Laugh.

That it is not always wise for a policeman to give a man he is after an opportunity to do his joyful nomenclature before arresting him particularly when there is a convenient open window and a friendly wood shed near at hand, was forcibly and painfully borne in upon Policeman Charles H. Marshall on Saturday night last. Marshall was sent to arrest Ernest Wilson, a youth of 17 summers, who was wanted by the police. Wilson was found at a house on Waterloo street, and when Marshall made known his errand, Wilson asked permission to dress before going to central. This was granted and Wilson "skidded" while the trusting policeman waited for him. Since that time until this morning the police have not succeeded in capturing him although he was seen about the city yesterday.

On Friday evening last the manager of the circulation department of the Evening Times notified the police department to arrest Wilson on a charge of collecting money for the Times when he was not authorized to do so. On Saturday morning a warrant embodying these complaints was sworn out and placed in the hands of the chief of police and his officers for execution. Wilson was about the city all day Saturday, but he was not located until Saturday night, when the result of Officer Marshall's visit to his house was the fiasco as above related. All day Sunday Wilson kept close, at least he was not seen about town, but yesterday he was much in evidence and complaints reached the Times office that he had again collected sums of money due to the Times. He had not been arrested up to noon today.

WOULD-BE SUICIDE LIKELY MRS. BESSEN

Believed She Is the Regina Goldman Who Attempted to Take Her Own Life in New York.

Saturday's Times contained a despatch from New York which stated that Regina Goldman, a young woman, supposed to have come from St. John, had attempted to commit suicide in New York. It is now almost certain that she is Mrs. Max Basen, who left her home in this city April 31st.

Mrs. Wm. Webber, 32 Dock street, a well known family physician, stated that about three years ago Max Basen, a young Hebrew, married a girl whose name was Regina Goldman. For a couple of years they lived together and then the wife began to grow discontented.

Last winter Mrs. Basen's brother, from New York, visited her after his departure she continually coaxed her husband to move to the great American city. He, however, had his business here and did not wish to go but finally consented and an auction sale was the result of the Dock street home.

The wife went to relatives in New York and the broken-hearted husband left for Kingston, Ont. last Thursday, the day his wife was lying in Bellevue hospital near his home in New York.

Yesterday a letter came from New York addressed to Max Basen and Mr. Webber opened it. It was from Mrs. Basen's brother and stated that she was very sick in a hospital and said for the husband to engage rooms as she would return to St. John on recovery. Mr. Webber replied that Mr. Basen had removed to Kingston.

BOYS FIGURE IN SHOOTING SCRAPE

George Humphrey, of Fairville Accidentally Shot by Arthur Wright Last Night.

George (Goode) Humphrey, a thirteen year old Fairville boy was shot in the thigh by a companion yesterday afternoon, and quite badly injured and the police have been on the look out for Arthur Wright, aged fifteen, who fired the shot and Ernest Macfarlane, who was with the two lads at the time of the shooting.

As the boys were descending a hill on Paddy's Flats, yesterday afternoon, Humphrey was shot in the leg, the bullet lodging in the fleshy part of the thigh. He was first taken to Wright's home, near by where Dr. J. H. Gray attended him and then, later, removed to his father's home. The bullet had not been located last night but the case is not regarded as serious.

Policeman Lawson of Fairville, on hearing of the occurrence, went at once to the homes of Wright and Macfarlane but neither were to be found. A description of the revolver all day and had threatened to shoot an Englishman who works in Cushing mill.

Mrs. Humphrey says that when she went to Wright's house to see her boy she was at first refused admittance and when she did get in it was when her son covered with blood and nothing was done for him. He was taken to his own home and Dr. Gray dressed the wound. Humphrey was arrested about a month ago but was released after an hour's confinement.

Speaking of the affair, Dr. Gray said that it was the natural culmination of non-attendance at school and the cultivation of bad company on the part of any boy.

RALEIGH, N. Crowds of Deeply Gratified Buyers at Our Coat and Costume Sale All Day Yesterday
