WANTED—People to buy RED ROSE FLOUR, because it is not excelled by any other flour made in Canada. It is made in the best mill in the world, and is the best flour for all purposes. Most of the education of the children must come through the milliners. Two few milliners could go into the Sunday schools and put their fingers on the method that was being used to develop the children, and justify it from a scientific point of view, and many men are being sent out by the ministry to give a scientific grounding in this method of education. The time to do research work is before people fall into sin, and before teaching the children there should be a proper understanding of the laws which govern mental activity. In the ordinary Sunday school work the child is simply playing with the question. What we need is a way of teaching.

A great obstruction in the way of progress is the tendency who has no problem, and there are people who have no sense of the work that might be done.

Dr. Myers, who has been called by an appeal to the Presbytery to stir up the people by personal visitation, and to remember that the child work of the church is the work of the Sunday school.

The Presbytery expressed their thanks to the speaker, and a motion of sympathy with the movement was moved by His Honor Judge Forbes.

Dr. W. H. Smith, of Fredericton, said that too little prominence was given these days to religious education. He recalled that the lecture of Dr. Myers at Halifax along these lines should be printed in the Presbyterian Times-Star, and that the people might become familiar with the motion was agreed to by the Presbytery.

A committee was appointed to look into the work and to report to the synod.

The question of procuring young men for the ministry was referred to a committee.

Dr. J. A. MacVicar presented a motion nominating Dr. Murdoch MacKenzie, of the foreign mission field in China, as the candidate for the Presbytery for moderator of the general assembly.

The Presbytery passed a motion endorsing the action of the Associated Churches and the Every Day Club in connection with their efforts to have a Children's Protection act adopted by the legislature of the province.

In connection with the widows and orphans fund, His Honor Judge Forbes said that the whole matter of the fund should be brought before the church and the constitution adjusted in such a way that it would be possible to do justice to the widows and children dependent upon the fund.

The Presbytery was then adjourned.

Bright cars with doors the full width and height of the ends which they occupy have been adopted by several railroads for transporting automobiles.

To Overcome Winter Complexion Troubles (From Woman's Tribune).

If the cold air causes your skin to dry and scale or become uncleanly red or spotted before you get to bed spread a thin layer of ordinary mercurized wax over your entire face. Remove next morning with warm water. This is the ideal complexion treatment for the winter girl. The wax gently absorbs the dead particles of surface skin, so gradually there is no discomfort. This gives the underlying skin a chance to breathe and to show itself.

In a word or so the new and younger skin is wholly in evidence and you have a really matchless complexion. Naturally the wax must be removed with care. Usually an ounce of mercurized wax, procurable at any drug store, is enough to renovate even the worst complexion.

Wrinkles need not bother you no more. You'll use this simple face wash: Powdered exsfolite, 1 oz., dissolved in witch hazel, 12 pt. Just one application will affect even the deepest lines and soon your skin will be smooth as a child's.

Every Day Bargains at the 2 Barkers Ltd., 100 Princess St., 111

Seeded Raisins at 7c. and 8c. per pack.

Best Cleaned Currants at 7c. per pack.

Best Lemon and Orange Peel 14c. per pound.

Mixed Candy from 7c. per pound up.

New Figs only 12c. per pound.

Good Apples from \$1.15 a barrel up.

Hand Made Barley Tots at 12c. per pound.

40c. Tea for 25c. per pound.

Good Apples from 15c. to 20c. per pack up.

10 Pounds Best Ontario for 25c.

60c. Pail Jam for 30c. per pail.

8 Pounds Prunes for 25c.

Dolls, Games, Books, Teddy Bears, Toys, Fancy Goods, Vases, Jardiniere, Dressing Cases.

### THE PRESBYTERY

Offer of Land For Church Near Gagetown—The Need of Work Among the Young

The Presbytery resumed its sitting at 2.30. A number of vital interest that came up at the afternoon session. Several motions were passed including a grant of \$100 a year to the congregation of Gagetown. Rev. Gordon Dickie presented the accounts for the quarter for the home mission, which were approved and ordered paid. Rev. E. Smith, convener of the committee of systematic giving, was instructed to prepare the allocations for 1913 and submit the same to the annual meeting in January. After some discussion a committee was appointed to look into the constitution of the widow's and orphan's fund, with a view to making some changes that would render more effective the work of the fund.

The offer of G. L. Oleson, of the Cosar Farm, to provide a lot, on which a church might be built in the vicinity of Gagetown, with a personal appeal to the home mission committee for consideration, and to report at the next meeting.

A motion to erect a new Rock mission into a congregation was laid before the meeting and adopted.

In the course of the afternoon Rev. J. A. MacKeigan spoke briefly and earnestly on the necessity of church work among the young people, and referred to those who had just left Sunday school. He felt, he said, that the church was not doing enough in that direction and that a movement should be started in the way of visitation which would bring before the people of the church the pressing necessity of a religious educational movement among the young people.

Dr. Charles Myers, of Columbia University, made an eloquent speech. He said that the Presbyterian church had not, during the last thirty years, made much progress along these lines, and that the time was now ripe for such a movement.

The work, he emphasized, should be put on a scientific educational basis. Most of the education of the children must come through the milliners. Two few milliners could go into the Sunday schools and put their fingers on the method that was being used to develop the children, and justify it from a scientific point of view, and many men are being sent out by the ministry to give a scientific grounding in this method of education. The time to do research work is before people fall into sin, and before teaching the children there should be a proper understanding of the laws which govern mental activity. In the ordinary Sunday school work the child is simply playing with the question. What we need is a way of teaching.

### FOUND DEVELOPMENT

ALREADY ALONG G.T.P. IN NEW BRUNSWICK

Further Statements By Mr. Dalrymple After Trip of Inspection

(Montreal Gazette.)

J. E. Dalrymple, vice-president of the Grand Trunk Pacific, in charge of traffic; G. T. Bell, of the passenger department; E. T. T. of the I. C. R. commission, and E. P. Crook, general superintendent of the National Transcontinental Railway, have completed a tour of inspection over the Grand Trunk Pacific line, returning to Montreal yesterday morning, and Mr. Dalrymple gave out some interesting data concerning the trip.

Mr. Dalrymple says that the eastern section of the transcontinental came fully up to the expectations of the officials.

Although little development had taken place a good deal of opening has already been accomplished since the railway was started through this section of New Brunswick. Mills have been erected and a good deal of lumber is being taken out of the country, and more yet will be hauled over this section of the Transcontinental. Edmunston, Mr. Dalrymple states, is quite an important divisional point, and already four hundred and fifty cars of cedar are being moved from points west of it. The connections at Chipman with the New Brunswick Railway, and the Minto Coal Mines will bring a good deal of traffic from that point to Montreal, while a second connection with the Chatham and Fredericton Railway, being worked by the I. C. R., will also be a feeder. The great value, however, is a through connection, and Mr. Dalrymple says that the contractors promise that the line will be completed through the province of Quebec before the end of the year.

G. T. P. will be connected with the Grand Trunk by next fall. There is a regular mixed train over the road every day, one going west and the other east, while extra trains are to be put on as the demands of the traffic require. Mr. Dalrymple says that the Grand Trunk Pacific had nothing to do with operating the road as that is entirely in the hands of the Transcontinental Commission. R. W. Leonard being chairman; D. McPherson assistant to the chairman, in charge of the operation and W. B. Crook general superintendent.

HALFAX PLANS FOR WELCOME TO THE APOSTOLIC DELEGATE

An elaborate reception is being prepared for Monsignor Stagni, Papal delegate, on the occasion of his visit to Halifax where he will arrive on Thursday. The representatives of the various societies will meet His Excellency at Windsor Junction, and accompany him to Halifax.

Arriving at North street His Excellency will be met by His Grace Archbishop MacDonald, and the party will proceed to St. Mary's Cathedral. At the cathedral an address will be presented by John Macdonald, and His Excellency will proceed to the archbishop's residence, being the guest of His Grace during the visit.

On Friday afternoon His Excellency will be the guest of the Academy of St. Vincent, while on Saturday morning he will visit the Convent of the Sacred Heart, and in the afternoon he will be at the Monastery of the Good Shepherd. On Saturday he will be the guest of His Grace the Archbishop at dinner and on Sunday morning will be at a reception at the Eudist Seminary. On Sunday evening it is expected he will be at St. Mary's Cathedral, and will leave to return to Ottawa on next Monday.

A big procession is being arranged to welcome Monsignor Stagni to Halifax. It will include the officers of Society of St. Vincent, Knights of Columbus, A. O. U. M. B. A. St. Patrick's, St. Joseph's, St. Mary's and St. Peter's Temperance Societies. St. Mary's, St. Vincent's and St. Peter's Gentlemen's Teaching Societies, Charitable Irish Society and St. Vincent de Paul Society, with carriages containing the apostolic delegate, Archbishop MacDonald and members of the general committee.
