WILL NOT WAIT SO LONG FOR PEACE

London, Nov. 28.—Discussing the arrangements for the peace conference, the Daily Express says the suggestion that the conference would be at work fully three months before the terms were ready for signature was strongly discredited in British ministerial circles yesterday. Europe, it was urged, could not stand three months of suspense during which measures for demobilization and reconstruction would necessarily be held up.

The conference, says the newspaper, will hurry forward to a settlement of the main outlines of the peace treaty, which will be signed as soon as possible, and arrangements will be made for some sort of an international police to enforce it. International commissions will then, adds, continue to work out the details dealing with questions of world-wide importance which go beyond the terms as between the central and the associated powers.

NO INTENTION OF LIFTING BLOCKADE

London, Nov. 28.—The Times says that the absurd story which the Germans are reported to have spread, namely, that the Entente probably will consider the abolition of the blockade, is absolutely unfounded. The Allies have not the slightest intention, the Times continues, of throwing aside their chief weapon for insuring the signature of a just peace and the performance of its constitutions, particularly in the present chaotic state of Germany.

After quoting evidence in an endeavor to refute Dr. Sol's declaration that Germany is starving, the newspaper says that German statements on this subject require careful examination. When the truth has been ascertained the Allies and the United States will allow the Germans from time to time during the peace negotiations such food supplies as humanity dictates, but the blockade must remain.

In force until a definite peace has been ratified. Thereafter it may be kept in abeyance as the chosen instrument of the league of nations for enforcing its decisions.

Concerning the German attempts to draw a distinction between the Allies and the United States, the Times speaks of the utility of these efforts. With regard to President Wilson's coming visit to Europe, the Times says the Allies look upon this unprecedented event as a great landmark in the world's history. They rejoice that the president is to make the visit, first, because they desire to show the United States by the reception they give the chief executive their sense of the immense debt they owe for America's assistance; and, second, because they are anxious to have the personal aid of President Wilson in the task before them.

To Dine Aviator Prisoners.

Paris, Nov. 27.—The French Aero Club on Thursday, December 26, will give a banquet in honor of Allied aviators who have escaped from German captivity. A medal will be presented by the club to Gabriele D'Annunzio, Italian aviator.
