ish Columbia this board would point to the urgent need of the most direct possible railway connection between the Coast and the Kootenay district, preferably through British territory entirely. The existing route via C. P. R. between these sections is so circultous as to largely prohibit business transactions between them, which with more direct connection would be mutually highly profitable, as a large market would be afforded to the farmers of the Fraser valley for their produce, and the towns and cities of the Kootenay district would have the advantage of obtaining supplies such as could be furnished from the Coast at a minimum cost for carriage. Such a line of communication would further tend greatly to the advantage of the province and country at large, by counteracting the present tendency of trade to go to the city of Spokane and other points in United States territory. Anything that can be done by your honorable body in the way of assisting or forwarding the establishment of this line will materially aid the general development of this portion of the Dominion. (c) In order that shipping interests gen

erally may be made aware of the pro favorable condition of the harbor of New Westminster and the improved condition of the channel from the mouth of the river o this city, this board would ask your honorable body to make the necessary re presentations to the Dominion government that information regarding the condition of the channel and harbor be furnished by the department of public works to the various shipping centres of the world, such as Lloyds and others, and also to the proper authorities in order that Admiralty charts may be corrected to date.

Signed on behalf of the board."

(Sgd.) W. J. MATHERS.

President. (Sgd.) A. E. WHITE,

EXAMINE DRAWING

School Board to Investigate Charges Against Teachers and Pupils of South Park School.

Those who followed the proceedings of the board of school frustees on the occa sion of their regular meeting, held on Tuesday evening, will remember that the newspaper representatives were request-d to retire in order to permit the discus-sion of matters of a "private" character. It has since been learned that one of these questions was the misunderstand council of public instruction and teaching staff of South Park school. The circum stances of this have been so often out ned that they scarcely need reiteratio ever, Examiner Blair, in a circular is tried the recent High school entrance examination, with using rulers in their drawing instead of tracing the lines in

the "free-hand" style as demanded by the regulations. Miss Cameron, princi-

whose work is questioned.

This was the matter that occupied the attention of the board after the reporters The annual meeting of Assembly had withdrawn on Tuesday evening. As given Thursday at the Victoria hall on Blanchard street by Mr. and Mrs. Webb would be held on Friday, the 27th inst.

Intering to the coast that a formal opening the evening. In the winter, and that a formal opening would be held on Friday, the 27th inst. —Unless George B. Cole and John C. ments and observe what improvements would be held on Friday, the 27th inst. investigation. They were of the opinion Other matters were discussed before the her pupils some action was imperative.

After a considerable debate it was WESTMINSTER'S REQUIREMENTS finally agreed that the board should visit the education department in a body as soon as convenient for the purpose of inspecting the work which was supposed to have been ruled. Chairman Boggs and he superintendent were commiss make the arrangements and notify the trustees when it would be possible to view the work. When this is done another special meet-

entrance examinations from South Park (a) The volume of export freight seeking school will have to meet some Saturday ons have been made to your honorable the trustees and the charge against the Discussing the matter this morning,

Good Complexion

When Pimples and Blotches Disfigure the Skin

it means bad blood, bad digestion or constipation. First two are the result of the last. FRUIT-A-TIVES cure all three. When the bowels don't move regularly, poisonou matter remains in the intestines. Instead of the blood taking up wholesome nourishment to build up the system, it absorbs part of this poisonous matter which causes phaples and blotches on the skin.

Gases are formed by this matter, which get into the stomach, apset digestion, coat the tongue, and taint the breath Fruit-a-tives purify the blood-correct digestion-and clear the complexion-because they cure constipation.

"I am on my second box of Fruit-a-tives now, and can honestly say they are the best medicine for Constipation and Stomaci Trouble I ever used."

MRS. F. CODY, OTTAWA, ONT.

These wonderful little tablets are pure fruit juices-prepared accord. ing to the secret formula of an Ottawa physician who discovered the method of using fruit to cure disease. Fruit-a-tives act directly on the liver, increase the flow of bi'e, and thus cause the bowels to move regularly and naturally every day.
