# WHAT MAY BE DONE IN THE HOCKEY LINE

(Halifax Herald.)  
It may be a little early to talk about hockey. (Don't shiver). Early or not, here goes.  
Everything indicates that there will be a six team professional league in New Brunswick and Nova Scotia this winter.  
Last winter a three team pro league was inaugurated—the first that has ever been introduced in the Maritime Provinces. It was a venture, and there was much speculation as to whether it would be a success or not. It proved to be so from every standpoint. Most of the games were good, the majority of them eliciting any contests that had been played in these parts in recent years. Although Moncton won the championship and the Starr trophy series, they had to work like Trojans for every victory.  
Last winter there were only three upper Canadian players in the league—Scott, Nichols and Doran who performed for Moncton.  
This winter the teams will be made up chiefly of imported talent, and the brand of hockey will no doubt be even better than we had in the league's infancy.  
Some Montreal hockey critics who saw the Canadian-Halifax, Canadian-Halifax and Canadian-Moncton games, said that the quality of hockey played in the Maritime Provinces was almost as good, if not as good as that which kept thousands of Montreal, Ottawa, Renfrew, etc., fans in a high pitch of excitement all winter.  
Practically every hockey fan was in favor of organizing a professional league last winter, but very few of them thought that the venture would be such a huge success.  
Last winter there were only three teams in the league. We have now ten teams in the league. It is impossible at present to name the teams that will support pro. teams, but they will probably be Moncton, Fredericton, St. John, New Glasgow, Truro and Halifax. How does that strike you? Perhaps it's a little early to talk about hockey; but the above will give you something to think about. Remember there'll be a whole pile of dog tags this winter.

# MATT WELLS WILL FIGHT IN TORONTO

New York, Sept. 26.—Matt Wells, lightweight champion of England has been matched to fight Billy Donovan in a six round bout at the Stadium in Toronto, Ont., on Oct. 6. The men will meet at 125 pounds. George McDonald, manager of Wells, said he would not entertain another match for Wells in America with Freddy Welsh, but says his business is to beat Billy Donovan. McDonald said that McDonald is afraid to meet Wells and that he is a guarantee. McDonald is willing to match Jack Ward the English lightweight against Freddy Welsh for a side wager of £500.

# FOOTBALL PROSPECT IS BRIGHT

The football prospects for St. John look promising as regards material for a winning team, and enthusiasts are assured of some good play before the season closes. The Harriers are actively preparing for the gridiron contests, and with a formidable lineup, which will represent this city, some fast chasing of the pigskin may be looked for.  
While it is not soon to form an estimate of what the personnel will be, still that it will be a strong one is certain. From the practices that have been held, it is evident that the "can't back" class, have turned out in the preliminary work, and with a few weeks of solid training will be as fit as ever. Many of them have had long experience in the game, as well as being physically fit, and when the required combination team work has been mastered the St. John team should make opponents move some.  
The Harriers club are taking considerable interest in the promotion of the game and have secured the Marathon grounds for the season for practice and games.  
All senior players in the city are invited to turn out for practice and to try for places on the team. Competition will be keen for positions, as is evident, even at this early stage of the season, and with a big squad of experienced men to pick from, and many fast ones among the younger players, there's something wrong if this club cannot turn out a team to compete favorably with any other team in the province. A practice will be held this afternoon at 3 o'clock on the Marathon grounds, and all senior players are asked to turn out and try for positions.

# TEACHERS INSTITUTE OF KINGS AND QUEENS CO. ONLY "HOPE" LEFT NOW

Session at Hampton was Concluded Yesterday After Two Days of Interesting and Profitable Meetings.  
Special to The Standard.  
Hampton, Sept. 26.—This morning the institute reopened with a piano solo by two pupils, Misses Helen Scovill and Kathleen March, followed by routine business and the report of the nominating committee. The following are the officers for 1911 and 1912: President, Charles Wetmore; Vice-President, A. J. Brooks; Secretary-Treasurer, W. N. Biggar; Executive Committee, above officers and Norman McL. Patterson and Miss Emily Alward. A division of the institute into primary, advanced and trustee sections followed the election and most valuable papers were read and discussed. It was decided to urge that boards of trustees be called together more frequently to discuss matters and send fuller delegations to the meetings of the Institutes, also that districts be asked to contribute a small sum towards the expenses of the gathering.  
The institute resumed its session at 2 o'clock with Chas. Wetmore in the chair and a clarinet solo and encore by Master Roland Barnes, Miss Helen Scovill accompanying on the piano. Both performers were pupils of the Hampton Consolidated School.  
After roll call and the reading of minutes, Miss Ruth Everett gave a practical lesson in spelling to a class of four girls and two boys which was highly commended by subsequent speakers. Principal A. J. Brooks, B. A., followed with a lesson on globe geography to a class of six.  
Many teachers spoke to the question set down for debate, viz: "Resolved that modern ideas in education are being emphasized to the detriment of strictly cultural subjects," but the proposed leaders were not present and no one appeared in support of the resolution. The alleged modern ideas found many friends and their practicability seemed to be regarded as altogether improving and refining.  
The audit committee reported the books and accounts correct and a balance in the treasurer's hands of \$27.21.  
Resolutions of thanks were unanimously passed to the trustees of Hampton Consolidated school for use of the building and grounds. To the teacher and pupils of the domestic science department for entertainment provided. To Principal F. A. Sexton of Halifax an appreciation of service so freely and kindly rendered. To the people of Hampton for providing homes for the teachers, and to the ladies and gentlemen who had enlivened the proceedings and afforded so much pleasure by their musical performances. The chairman spoke a few words in closing and the institute separated with singing the National Anthem.

**THE RUSH IS OVER.**  
During the past few months the Standard plant has been running at high pressure. Indeed, the demand for papers while the political campaign was on, was at times beyond the capacity of the plant. It is now that the demand for papers to agents and subscribers in the city were late in delivery, and on two or three occasions some of the out-of-town mail was missed. It was impossible with the limited accommodation and equipment of this paper to keep up with the demand. Naturally, since the campaign closed, there has been a reduction in the number of papers ordered by outside parties, and with better facilities than ever before, the Standard should now be able to deliver its papers to subscribers earlier than formerly. All persons whose papers are late in reaching them are requested to report promptly to this office in order that proper check may be kept on the delivery department.
