MELBOURNE

John Preece, who has had charge of the tower at the M.C.R. and G.T.R. crossing for nine years, is retiring from the position. His little granddaughter, Etoile Williamson, 9 years of age, composed and presented her grandfather with the following poem:

Farewell, old tower; old tower, I say, Not that you are old with age or decay, But for the friendship between us that was born,

Beginning on the first October morn. It was nine years we labored and planned To keep the cars rolling with pleasure on hand.

Your bells rang out with a sound that was true, Urging in earnest to let the drags go on.

There was never a delay, But when the old local came along The signals were always ready for it to pass through.

"103" was the first on the line; Then comes "100" right down the track on time.

The boards were all ready and the plant O.K.; Our levers always worked so the trains met no delay.

Now, old tower, farewell, I say; Our company ends at the close of this day.

Peter McDermond will take charge of the position vacated by Mr. Preece.

The society voted \$25 for Russian relief fund. Arrangements are being made for the annual district meeting to be held some time in June. Solos by Jessie Mitchell and little Janet Gillies delighted the audience. A well-worded paper on "Self-control" was given by Lillian Henderson. The meeting closed with the national anthem, after which a dainty lunch was served by the hostess. The next meeting will be held at the home of Mrs. Dougald Gillies on May 25th. All members are requested to attend for a further discussion of the district meeting and election of officers.

The McLaughlin-Buick Drag-Link is Forged from One Piece of Metal

The McLaughlin-Buick drag-link consists of a single unit steel bar instead of the usual bar with two welded end sections. This construction positively eliminates any points of weakness along the entire length of the bar and is another evidence of the care with which McLaughlin-Buick cars are built throughout.
