TABLE STANDARD GLOBES.

The Standards, Horizon Holders and Meridians are of metal, highly polished and nickel-plated. The Stands have **Rubber Feet** which prevent them from *sliding* or *warring* the table, and makes them perfectly *noiseless*. This is a great improvement over all other metal stands. These we believe to be the best Globes ever offered for the school or home.

12 inch full mounted	\$10 00
12 " semi-meridian	7 00
9 " " "	4 50
6 " " "	2 50
