

The Misery of Dyspepsia.

DYSPEPSIA is the great plague of modern civilization.

There is not one Canadian in ten that is wholly free from it.

It haunts like a demon the homes of the land, and makes their inmates cranky, despondent, despairing and uncompanionable. During the past twenty years Burdock Blood Bitters has brought joy and hope to thousands of dyspeptics, —helped them to eat three meals a day without suffering for it,—given them a new stomach, able to digest the food, so that it produced nourishment for the body instead of pain and poison.

In all cases of flatulency or wind on the stomach, heart burn, pain in the stomach, acidity, biliousness, coated tongue, nausea, sense of weight and oppression on the chest, and the many other symptoms of a disordered stomach, there is no other remedy that produces such beneficial effects, and no other that can prove its claims to superiority by the evidence of so many severe cases of Dyspepsia that have been cured by its use.

MRS. T. G. JOYCE,

*Suffered with Dyspepsia 11 Years.
B.B.B. Cured her Permanently.*

"For over eleven years I suffered with Dyspepsia, and tried everything I could think of, but was unable to get relief until I tried Burdock Blood Bitters. I had only taken one bottle when I commenced to feel better, and after taking five or six bottles was entirely well, and have remained so ever since, and I feel as if B.B.B. had saved my life.

MRS. T. G. JOYCE, Stanhope, Que.

GAINED 50 POUNDS.

"I have used B.B.B. for Dyspepsia and Sick Headache, and it worked wonders with me. Before I started taking it I was thin and run down in health, as I could get little nourishment from my food. Two bottles have completely cured me, and since then I have gained about fifty pounds in weight. I recommend any one suffering from Dyspepsia to use B.B.B." **MRS. ELLEN VAUGHAN,**
Moulton Station, Ont.

Constipation Can be Cured.

NO one need expect to be healthy if the bowels are constipated.

If the foul material, which in the course of nature should be removed from the body every day, is allowed to remain in the bowels day after day, it is no wonder that Headaches, Fevers, Blotches, Pimples, Piles, Run-down condition of the System and many other ailments result.

Burdock Blood Bitters has long ago been proven the best remedy for Constipation even in its most chronic and stubborn form.

It not only gives relief, but so stimulates the secretions, and tones the bowel wall, that after a time its use may be discontinued.

Besides this direct action on the bowels, B.B.B. removes all the poisons and impurities that are circulating in the system as a consequence of constipation, and cures every disease and symptom of disease that have constipation as their origin.

ALMOST CRAZED.

MISS MARCILINE F. BOUDRAU,
Cocagne River, N.B., was a great sufferer from Constipation, and gives the history of her case:

"To say all I ought to in favor of Burdock Blood Bitters would be impossible. It has been a great health restorer to me. I am a different girl now to what I was three years ago, when it was expected I would die.

"I am to-day in perfect robust health, for which I have only B.B.B. to thank.

"I suffered for five or six years from constipation so severe that at times I nearly went out of my mind. I tried various doctors, both in Canada and the United States, but with little success. When I took B.B.B. it succeeded beyond all expectations, requiring only two bottles to effect a complete cure."

PERMANENTLY CURED.

ARABELLA JOLIE, 99 Carrière St., Montreal, Que., writes:—"For over a year I suffered from constipation and could not get relief until I tried B.B.B. It has completely cured me and I have had no return of the trouble since."
