art. This department is under the management of Mr. Ben. B. Toye, chief operator in the Office of the Montreal Telegraph Company, Toronto, and who, likewise, is one of the oldest and most experienced practical operators in Canada. Students become proficient in the art in a short time, and are enabled to telegraph readily. Those entering upon this branch of study may rely upon proper attention and thorough instruction. Students can enter upon this study at any time. Any student taking the Collegiate course will receive instruction in Telegraphing for \$10. Those entering for Telegraphing only, \$20.

GENERAL INFORMATION.

REGULATIONS.

Each student is admitted upon his own recognizance as a gentleman; he is treated as such, and is expected to consider himself, in all respects, responsible for his own acts. Having purchased a scholarship, which secures to him the necessary instruction to make him a thorough accountant, he is permitted to elect his time and place of attendance within the prescribed jurisdiction of the colleges; but it is expected of all students that they will observe all possible diligence and regularity in their attendance. The general discipline, while it does not descend to those minute and specific requirements which seem necessary in the conduct of schools more primary in their character, is, nevertheless, sufficiently strict and exacting to place the responsibility of the student's progress upon himself. A record of attendance is kept in connection with the recitations, and promptness, as far as may be, is required. The progress of each student in his course is regulated by such frequent and thorough examinations as shall be competent to satisfy the teachers in charge, and no student is permitted to pass from one division of his course to another without giving evidence of suitable proficiency.

PREPARATORY EDUCATION.—A fair knowledge of the ordinary English branches constitute a sufficient preparation for entering upon a Commercial Course.

TIME OF COMMENCEMENT.—As there are no term divisions and no vacations, students can enter at any time and pursue their course as rapidly as their ability will admit.

DIPLOMAS.—Those students, and those alone, who fulfil the prescribed course of study and pass the requisite examination, are entitled to the honors of graduation. Diplomas are awarded to all such, free of charge.

EMPLOYMENT.—It is for the interest, as it will ever be the pleasure, of the Principals and Teachers at these Colleges, to use their best exertions to obtain good situations for their graduates. In this they have, heretofore, been very successful; and while it is not our practice to hold out inducements in this direction, we hazard nothing in saying that we possess unusual facilities for securing desirable positions for competent young men.
