Weir, clothes wardrobes.

INTEREST RATES IN JAPAN range from 12 to 15 per cent. not specially because of the prospect of war, but under ordinary conditions. The industries and commerce of the country are developing so rapidly as to create a heavy demand for money for which the supply is not adequate. What is the quality of the security given for loans at such high rates? That is a question only to be answered by actual tests.

WANTED. - An old established, old Line Life Insurance Co., of the highest standing, will consider applications from successful men, who can show a clean record, for the position of Manager for the Province of Quebec and Eastern Ontario. To the proper man,a very attreative contract will be made. Address all communications, which will be treated as confidential, to "Z," P.O. Box 578, care of Insurance and Finance Chronicle, Montreal
