## The "Bissell" All-Steel Rollers

The "Bissell" Roller is all steel except the Pole. It is braced and stayed to stand all kinds of hard work and wear well. The bottom of the frame is all steel too.

The end frame Hangers are formed from bar steel and there is no twisting or warping on "Bissell" Roller frames.

The (18) anti-friction Roller Bearings make light draught.

The Draw Bracket and low hitch does away with neck weight.

The Axle revolves with the drums and there is no squeaking or grinding.

The Cages holding the anti-friction rollers are the best yet; they're MADE OF MALLEABLE ALL IN ONE PIECE—no twisting or binding of the bearings on the axle of the "Bissell" Roller. The Seat Spring is reinforced and is DOUBLED AT THE HEEL.

These good features are not all of the advantages of the "Bissell" Roller. Many more good points are built into them, making a Land Roller that is "built for business," that stands up, against lots of hard work.

# ARNOTT INSTITUTE

The work of the ARNOTT INSTITUTE in treating Stammerers and Stutterers is becoming more and more widely recognized as perhaps the most successful on this continent.

Following our own scientific methods, the Institute treats the CAUSE of stammering—not the habit itself. It teaches the patient why he stammered, and once he understands that, it is comparatively easy for him to learn, in from five to eight weeks, how to speak fluently and naturally, without any of the objectionable mannerisms commonly taught. As he knows why he is speaking correctly, the cure is permanent.

If you know anyone who stammers or stutters, in kindness to them advise them to consult the ARNOTT INSTITUTE.

## THIS LOCK and Every Thing Else About the Selkirk Fence is JUST RIGHT

The wire is No. 9 gauge, with the right proportion of carbon to make the finest quality fencing. The stays, made of No. 7 hard wire, are perfectly straightened. The Selkirk Lock holds. It is No. 9 Open Hearth Basic Steel Wire, soft, tough and yet very strong. These three—the best lateral and the best upright joined by the best lock—give the best fence—the "SELKIRK".
