Pump annoyances never worry the Farmers who are fortunate enough to be using

Imperial Anti - Freezing Pump

The "Imperial" is the pump best suited for all farm purposes.

It has a large air-chamber, extending to top of stand, containing 127 1/4 cubic inches. Has 1 1/4-inch plunger - pipe instead of stuffing-box. The advantage over the stuffing-box is that it has three plunger-buckets which are self-expanding, and therefore require no attention. Can be used on any sized pipe from 1 1/4 to 2 inches in diameter, tapped for 1 1/4, 1 1/2, or 2-inch pipe. On tubular wells, the plunger can be withdrawn without removing the pump.

Get our illustrated catalogue with prices—sent postpaid. This interesting catalogue sent

to you on receipt of post card. Send us your address to-day.

Save one ton in seven

LET us send you this Book. It tells how to heat your home comfortably—and save one-seventh of your Coal Bill. ¶ The Hecla steel-ribbed fire-pot makes this saving. With three times the radiating surface of any other furnace, it sends more heat to the living rooms and less to the chimney. ¶ Everyone who is building a home, everyone who has a worn-out furnace or one that is wasting coal, will value the suggestions and information contained in "Comfort & Health."

Hecla Furnace

FOR COAL AND WOOD

Healthful heating is not possible with a leaky furnace. Coal Gas is not only unpleasant—it is a menace to health. The Hecla will supply your whole house with pure warm air because it cannot leak gas or dust.

No Gas
No Dust
fused joints
cannot leak

Every point where a leak might otherwise occur is fused by our patent process absolutely tight. Time and use cannot loosen the Hecla Fused Joint.

Is 1/7 of your Coal bill worth saving? Do you want more healthful heat?

Write for "Comfort & Health," a book on the sane heating of homes.
