Portable Engines (GASOLINE.)

We have on hand two 14-horse-power Portable Engines that have been in use about two weeks. We sold those engines to run a 32-inch separator and with self-feeder, back from our customer and replaced one of those engines with a 21-horse-power, which does the work well, and our customer was satisfied. The two 14-horse-power we sold for \$975.00, and will send them now for \$850.00. We will guarantee the 14-horse-power to run satisfactorily a 28-inch separator without self-feeder, and will thresh from 600 to 800 bushels of grain a day. The engine you can use for cutting grain, and cutting wood in the winter season. One of those engines is at Indian Head and the other is in our warehouse at Winnipeg. We shall be pleased to make liberal terms for payment; also to send you cut of this engine, and all the information with reference to those two engines.

DR. BARNARDO'S HOMES.

The managers of these institutions invite applications from farmers and others for the boys and youths who are being sent out periodically from their English training-homes. The older boys remain for a period of one year at the Farm Home at Russell, during which time they receive practical instruction in general farm work before being placed in situations. Boys from eleven to thirteen are placed from the distributing home in Winnipeg. Applications for younger boys should be addressed to the Secretary, 115 Pacific Avenue, Winnipeg, or P. O. Box 206, and for older boys, possessing experience in farm work, to Manager, Dr. Barnardo's Farm Home, Barnardo, Man.
