

## A PINK NOTICE

A pink notice attached to this page shows that your renewal is due. We hope you have enjoyed The Guide and that you will send us \$1.50 for your renewal at once, using the blank coupon and the addressed envelope which will also be enclosed. We always give several weeks' notice so that subscribers will have plenty of time to forward their renewals and not miss any copies of The Guide. We cannot supply back numbers of The Guide, so we hope you will not delay in sending your renewal. When requesting a change of address, please give us three weeks' notice. If the date of the address label on your Guide is not changed within a month after you send your renewal, please notify us at once. The yellow address label is your receipt. It is always safer to send your money by postal, bank or express money order. Mail your \$1.50 to day.

## THE GRAIN GROWERS' GUIDE

"Equal Rights to All and Special Privileges to None"  
A Weekly Journal for Progressive Farmers

Published under the  
auspices and em-  
ployed as the official  
organ of the Mani-  
toba Grain Growers'  
Association, the Sas-  
katchewan Grain  
Growers' Association  
and the United  
Farmers of Alberta.

The Guide is the only  
paper in Canada that  
is absolutely owned  
and controlled by the  
organized farmers—  
entirely independent,  
and not one dollar of  
political, capitalistic  
or special interest  
money is invested  
in it.

GEORGE F. CHIPMAN, Editor and Manager  
Associate Editors: E. A. Weir and R. D. Cokquette  
Home Editor: Francis Marion Beynon

Authored by the Postmaster General, Ottawa, Can., for transmission to  
second class mail matter

VOL. X.

MAY 9

No. 19

## SUBSCRIPTIONS AND ADVERTISING

Published every Wednesday. Subscriptions  
to the British Empire \$1.50 per year, except  
Winnipeg City, which is \$2.00 per year. For-  
eign and United States subscriptions \$2.00  
per year. Single copies 5 cents.

## Advertising Rates

Commercial Display—20 cents per agate line.  
Livestock Display—18 cents per agate line.  
Classified—5 cents per word per issue.

No discounts for time or space on any class of  
advertising. All changes of copy and new  
matter must reach us seven days in advance of  
date of publication to ensure insertion. Head-  
ing matter advertisements are marked "Ad-  
vertisement." No advertisement for patent  
medicines, liquor, mining stock or extravag-  
antly worded real estate will be accepted.  
We believe, thru careful enquiry, that every  
advertisement in The Guide is signed by trust-  
worthy persons. We will take it as a favor if  
any of our readers will advise us promptly  
should they have any reason to doubt the re-  
liability of any person or firm who advertises  
in The Guide.

## MANITOBA REGISTRATION DAY

There will be a registration of the  
electors for the rural portions of Mani-  
toba beginning on May 21.

It will take a considerable time to  
make up the lists as after the regis-  
tration clerks have done their work the  
lists will have to be revised by the  
county court judges. All men and wo-  
men over 21 years of age who have ful-  
filled the residence qualifications will  
be eligible for registration. It is ex-  
pected that registration will be com-  
pleted by June 30. This is the first time  
in the history of the province that the  
women have been eligible to register.

## REGULATING WHEAT PRICES

Canada and the United States have  
agreed to co-operate in regulating the  
price of wheat on the American conti-  
nent. This was the announcement made  
simultaneously in Washington and Ot-  
tawa on May 4. The agreement was de-  
cided upon in a conference participated  
in by Hon. A. J. Balfour, Sir Geo. For-  
ster and Secretary of Agriculture Hous-  
ton of the United States government.  
The announcement was made that no  
action was contemplated to reduce the  
price of wheat to the producer or to  
reduce it by direct action. It was de-  
cided, rather, that both governments  
eliminate everything savoring of mo-  
nopoly and speculative profit and to  
guarantee to the producers a minimum  
price. This would naturally tend to re-  
duce the price of wheat and get it to  
the consumer at a reasonable rate.

A bill has been introduced into Con-  
gress authorizing the government to  
exercise broad powers over food produc-  
tion, disposition and prices during the  
war. The purpose of the new bill is  
to stimulate production, reduce waste,  
clear the channels of distribution, pre-  
vent hoarding and protect the public  
against extortion.

## COMMON DRINKING CUP TO GO

The common drinking cup and towel,  
by the new regulations of the provin-  
cial board of health, have been pro-  
hibited in Manitoba. Hereafter hotels,  
factories, theatres, stores, public halls,  
office buildings, railway stations, trains,  
and other places are required to provide  
individual towels and drinking cups.

Further regulations are being drafted  
according to Dr. Fraser, to insure san-  
itary meat. The new law will provide  
for licensing slaughter houses. Dairies,  
it is announced, will be obliged to con-  
form to new conditions along the same  
lines as slaughter houses.

## REFORMS IN GERMANY

The Russian revolution is having its  
effect on Germany. The constitution  
committee of the Reichstag has decided  
to alter article XVII. of the Imperial  
constitution. The proposed alteration  
follows:—"Ordinances and decrees of  
the Kaiser will be issued in the name  
of the empire and will require for val-  
idity the counter-signature of the Im-  
perial Chancellor or his representative,  
who thereby assumes responsibility to  
the Reichstag." The committee also  
adopted a resolution demanding a bill  
fixing the Chancellor's responsibility for  
any violation of his official duty and  
the verification of such violation by a  
Senate tribunal.

## Ask Your Neighbor Why The Oil Pull Makes Good

ASK any OILPULL owner his opinion of his tractor  
—you know the real test of a tractor is what  
it has actually done for the man who has used it.

Ask him what it costs to run it—he  
will tell you he cuts his operating costs  
in half, because the OILPULL burns  
**cheap kerosene at all loads under all  
conditions, and is guaranteed to do it.**

Ask him about the OILPULL'S lasting  
qualities—he will tell you that it not only  
does the work, but **stands up to it**—  
strong, long-lasting construction that  
means satisfactory **continuous** service,  
with a minimum of upkeep expenses.

Ask him how the OILPULL acts in  
cold weather—he will tell you that the  
OILPULL starts on mornings when it's  
40 below just as easily as in mid-summer.

—that oil cooling does away with carry-  
ing water and **prevents radiator  
from freezing.**

Ask him about the power regulation of the  
OILPULL—he will tell you it's the closest reg-  
ulation he ever saw—the power automatically  
and **instantaneously adjusted to meet every  
change in the load.**

Compare the OILPULL point by point with  
any tractor of equal size, and we are satisfied  
that your conclusions will be the same as hundreds  
of Canadian OILPULL owners—that there  
is no tractor made that will deliver as much in  
long-lasting satisfaction and economical service.

Made in two sizes—15-30 and 20-60 h. p.

Write our nearest branch for a Special OIL-  
PULL catalog.
