**Extract of Hemlock Bark—Extract
of Oak Bark**

*Important to Tanners, Merchants, Machinists, Lum-
bermen and Capitalists seeking for a Remunerative
and Profitable Investment in Canada.*

THE IRVING BARK EXTRACT COMPANY OF
BOSTON have succeeded in perfecting a Machine
for obtaining by compression from unground Bark,
all the astringent and Tanning properties of Hem-
lock and Oak Bark.

By the operation of this Machine, which can be
taken into the forests of Canada, on the spot where
the Bark is peeled, the actual Tanning principle of
the Bark is extracted by compression, and is pro-
duced in so concentrated and so small a bulk, that
it can be conveyed to market, ready for use, at a
mere fractional part of the expense required to
freight the crude Bark; 40 galls. of this Extract,
weighing 400 lbs., can be obtained from one cord of
first quality of Hemlock Bark, and this is worth for
home use or for exportation \$20 per barrel.

We are now ready to grant licenses or to receive
orders for these Machines.

Any further information may be obtained by
addressing

THOS. W. JOHNSON,
At American House,
Boston, Massachusetts.
