PURE SPICES.
PURE SPICES.
PURE SPICES.

Unhappily our markets in Halifax as well as throughout the Province are crowded with adulterated spices—made up by different mixtures of corn meal, flour, etc., to meet the demand for Cheap Spices. The consumer can prove by actual experiment that the **PUREST** and **BEST** is the **CHEAPEST**, the quantity required being so much less to effect similar results. The "blue books" contain the Government Analyst's reports of Spices tested, by which it will be seen that **OUR SPICES** are *invariably* returned as pure—and we are the only firm where such is *invariably* the case. We have but **ONE QUALITY.**

First Prize
was awarded us at the Dominion Exhibition, 1881, for
BEST ASSORTMENT OF GROUND SPICES,
we having exhibited **TWICE** as large a variety of distinct kinds as any other firm, (18 to 9).
Our Spices can be obtained whole, or in 2 oz. packages, WITH WHITE PAPER WRAP, WITH PRINTED MATTER IN RED, and OUR FULL ADDRESS ON EACH PACKAGE.
Ask your grocer for them and do not take other kinds that cannot be depended upon. If your grocer does not keep them he can procure them at short notice.
